JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, JANUARY 4, 1960—2:00 P. M.

In meeting of the Board of Supervisors, San Francisco, Monday, January 4, 1960—2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—11.

Quorum present.

President Harold S. Dobbs presiding.

Approval of Journal.

There being no objection the Journal of Proceedings for the meeting of Monday, December 21, 1959, was considered read and approved.

Presentation of Guests.

The Chair introduced the following distinguished visitors:

Mr. Takumi Shigeeda, of Tokyo, Japan, President of the Coal Miners Union of Sodomei;

Mr. Ryokichi Hirono, Division of Language Services of the United States Department of State.

Taken Up Out of Order.

Re-reference to Committee.

Supervisor James J. Sullivan, seconded by Supervisor Blake, moved that the following recommendation of Public Buildings, Lands and City Planning Committee Be Taken Up Out of Order.

No objection and motion *carried*.

Amending the Housing Code, by Adding Sections 351, 351.1, 351.2, 351.3, 351.4, 351.5 and 351.6 Thereto, Relating to Requirement for Report of Residential Building Record Prior to Sale or Exchange of Residential Buildings; Defining Residential Building; Providing for Expiration Date of Report; Providing for Fee for Furnishing Report; Providing for Inspection Fee; and Providing Effective Date of July 1, 1960.

File No. 824-59, Ordinance No.

Supervisor J. Joseph Sullivan, seconded by Supervisor Zirpoli, moved that consideration of the legislation be continued for a period of two weeks.

Supervisor James J. Sullivan, seconded by Supervisor Halley, moved as an amendment to the motion, that the legislation be re-referred to the Public Buildings, Lands and City Planning Committee.

Supervisor J. Joseph Sullivan stated that he was going to vote against the motion because the matter has been heard by the Com-

mittee and the purpose of the motion to postpone is to give all interested parties an opportunity to study the revisions as recommended by the City Attorney; also, if the membership of the Committee is changed on January 8th, then it will mean the matter will have to be heard once again in its entirety.

Supervisor Zirpoli explained he was opposed to the motion to re-refer because, if the subject was to be re-referred without knowing the members of the Committee, in his opinion it would show a lack of faith in the Committee who considered the legislation.

Supervisor Halley said he was going to vote to re-refer because he had been informed that the parties in interest had not been given a complete and full hearing on the re-draft of the legislation.

Motion to re-refer *carried* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, Halley, James J. Sullivan—6.

Noes: Supervisors Blake, McMahon, Rolph, J. Joseph Sullivan, Zirpoli—5.

The Board resumed consideration of the calendar items in the order printed therein.

SPECIAL ORDER—2:00 P. M.

Hearing of Protests—Improvement of Burnett Avenue From Hopkins Avenue Southerly to Existing Pavement.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the assessment, diagram or warrant for pay of the cost of the same, or in any property affected thereby: Improvement of Burnett Avenue from Hopkins Avenue southerly to existing pavement, by Fay Improvement Company, as described in Declaration of Intention, Order No. 51292 of January 29, 1958, of the Department of Public Works.

File No. 419-58.

The Clerk presented a communication from Mr. P. S. Barham, protesting the assessment, on the grounds that the sidewalks had not been completely installed.

Ordered *filed*.

Mr. Reuben Owens, Director of Public Works, stated that the contract included sidewalks only on the angular corners at the intersection.

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

Mr. P. S. Barham, 559 Burnett Avenue, author of the letter of protest, reiterated the statements contained in his communication.

The Chair explained to Mr. Barham that the Declaration of Intention of the Department of Public Works refers to the specifications on file in the Department of Public Works, which Mr. Owens had stated do not provide for any sidewalk but those on the angular corners at the intersection.

Mr. Barham remarked that the explanation clarified the point in question.

There being no other person who desired to address the Board, the Chair declared the hearing concluded.

Adopted.

Thereupon the following from Streets Committee was taken up:

Motion—Confirming Warrant, Assessment and Diagram for the Improvement of Burnett Avenue From Hopkins Avenue Southerly to Existing Pavement; and Directing the Director of Public Works to Deliver Said Warrant, Assessment and Diagram to the Contractor.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Reference to Committee.

Investigation of Procedure Followed by Redevelopment Agency in Award of Bids for Demolition of Buildings in the Western Addition Redevelopment Area.

Supervisor Blake stated he had received a reply from the Redevelopment Agency relative to the questions he raised in connection with the award of bids for the demolition of buildings in the Western Addition Redevelopment Area, and remarked that he would like to have the communication referred to the proper committee for its consideration and investigation.

Referred to Public Buildings, Lands and City Planning Committee.

Requiring Compliance With the Provisions of the Various Codes of the City and County of San Francisco, for Buildings Acquired for the Site of the New Federal Office Building Which Are Not to Be Demolished But Operated for Revenue.

Supervisor Blake remarked he had received a reply from the General Services Administration in response to his request that the buildings acquired for the site of the new Federal Office Building be demolished and the area converted to a parking lot, and it is the feeling of these people that it would not be advantageous to the Federal Government to raze the buildings and use the land for parking purposes because more revenues could be realized by operating the buildings in their present condition.

Supervisor Blake continued that if the Federal Government desires to operate these buildings as a revenue producing project, it was his opinion the buildings should be made to comply with the provisions of the various codes of the City and County of San Francisco, and requested that the communication be referred to the proper committee for its investigation and action.

Referred to County State and National Affairs Committee.

Request Granted.

Report on Status of Controversy Relative to the Construction of Candlestick Park.

Supervisor Blake called the Board's attention to the recent articles in the newspapers relative to the controversy in connection with the completion of Candlestick Park, and alluded to certain statements purported to have been made by the contractor.

Supervisor Blake stated that he believed reports should be received from all concerned in an effort to determine the reason for the differences of opinion and in an effort to see that the Park is completed prior to the start of the new baseball season.

Supervisor Blake requested that a communication be directed to the Mayor, Controller, Stadium Inc., Chas. L. Harney and the Architects who designed Candlestick Park, requesting the submission of a report on the matter.

No objection and Clerk directed to forward communication over Supervisor Blake's signature.

The following from Finance Committee, with recommendation "Do Pass After Amendment," was taken up:

(Supervisor Ferdon dissenting.)

Establishing Schedule of Rates and Charges for Parking at Civic Center Public Parking Facility.

File No. 12568-8, Resolution No. 25-60.

(Proposed amendment is as follows:

"Delete: '6:00 P.M. to 3:00 A.M.—\$.75'

Add: '\$1.50 maximum for 24 hours.' ")

Supervisor Halley, seconded by Supervisor Zirpoli, moved adoption of the amendment as printed.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—11.

Supervisor Halley explained that while the majority of the members of the Committee were not exactly proponents of the schedules, they believed the Parking Authority fully presented the matter for the change in the rates, and it was his belief the proposed rates would be to the advantage of the garage. Also since the rates were to be installed on a 6-month trial basis, changes could be made whenever it was deemed necessary.

Supervisor Ferdon remarked he was opposed to the proposed rates because they are higher than the rates originally submitted by the Parking Authority when they were requesting the Board to approve the project, and, at that time the Board was informed that the rate schedule would be a fluctuating one. Supervisor Ferdon said he was objecting to the monthly rate with in and out privileges because by granting such privileges we would be cutting down the use for which the garage was constructed.

Supervisor Ferdon concluded by stating that it was his opinion that the rates as originally submitted by the Parking Authority should be approved by the Board, and if there were any savings they should be passed along to the parking public.

Supervisor Zirpoli stated that the rates were for a period of six months and any change thereafter would be on the basis of a report submitted by the Parking Authority; also, by having this trial period the Board would be in a better position to determine just what rates should be charged.

Adopted, as amended, by the following vote:

Ayes: Supervisors Blake, Casey, Halley, Rolph, J. Joseph Sullivan, Zirpoli—6.

Noes: Supervisors Dobbs, Ertola, Ferdon, McMahon, James J. Sullivan—5.

Adopted.

Statement and Proposed Amendment by Supervisor James Leo Halley, Chairman of the Finance Committee.

As submitted by the Civil Service Commission, the Salary and Wage Survey dated February 5, 1960, proposes salary increases for 724 classifications, which include 9,192 permanently established positions. The estimated annual cost of the increases is \$2,007,973, including retirement costs, to which must be added the cost of vacation and other benefits.

On behalf of the Finance Committee and as recommendations thereof:

I offer as proposed amendments to said schedule of compensations all requests for adjustment supported by necessary data filed with this Board. I move that the data presented to and considered by this Board as warranting such proposed amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board not later than March 2, 1960. At the same time, the Commission shall submit a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

For the purpose of this motion, the highest salary rate or range requested for each particular classification in said data is hereby proposed as an amendment to said schedule of compensations. The Clerk of the Board is hereby authorized and directed to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Additionally, the Clerk shall transmit to the Civil Service Commission, for similar report and recommendation, such data as have been filed with the Board in support of requests, for amendments to the administrative provisions of the Salary Standardization Ordinance.

I further move that consideration of the proposed ordinance be continued until March 7, 1960, and that the Finance Committee in the interim continue to consider proposed amendments to the ordinance, for consideration by the Board on March 7, 1960.

The Board resumed consideration of the following, from Finance Committee with recommendation "Do Pass After Amendment," heretofore considered and temporarily postponed.

Appropriating \$21,000, Airport, for Audit of Airport Accounts and Records for the Fiscal Year 1959-1960, and Payment for Services Rendered by the Utilities Engineering Bureau.

File No. 104-60, Ordinance No.

(Proposed amendment is as follows:

"Delete \$5,000 for the audit of Airport accounts and records, and reduce total amount of appropriation from \$21,000 to \$16,000.")

Supervisor Ferdon, seconded by Supervisor Halley, reiterated his motion to adopt the proposed amendment.

In response to inquiry by Supervisor Dobbs, Mr. Ross, Controller, stated that he had recommended that the audit be done on a contractual basis, because if it were to be done by the Controller's Office it would necessitate the employment of an additional Senior Accountant at an annual salary of \$10,000.

Supervisor Dobbs in explaining his vote, said he was going to vote against the amendment because the Controller had advised the work could be done under contract for \$5,000, whereas if the members of his staff did the work it would require \$10,000, and also this expense would be a continuing one.

Supervisor Ferdon remarked he was opposed to the employment of an outside auditing firm because, by the very nature of the audit, it was almost a certainty that the auditing firm would have to be engaged by the City and County to represent it as an expert witness at future rate hearing controversies involving the Airport.

Supervisor Halley stated he was in favor of the amendment because the members of the staff of the Controller have been doing this work over the years and possess the necessary experience; also, even though an additional position would be necessary the City would receive the services for the entire year, with only two months of such time being devoted to the audit of the Airport.

Motion to amend *defeated* by the following vote:

Ayes: Supervisors Casey, Ertola, Ferdon, Halley—4.

Noes: Supervisors Blake, Dobbs, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan—6.

Absent: Supervisor Zirpoli—1.

J. Lynch, as described in Declaration of Intention, Order No. 52685 of September 5, 1958.

File No. 14377

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

Mr. James E. Poland, 37 Elsie Street, reiterated his protest, made at last week's meeting, that the improvement had caused damage to his property.

Mr. Lloyd Whaley, representing the Director of Public Works, advised the Board that he had made an investigation of the premises and verified the authenticity of the statement of Mr. Poland, but remarked that prior to ordering the improvement the people had been informed some of the properties might be damaged as a result of the work, and he was of the opinion that the protest should be denied and the assessment confirmed.

Supervisor James J. Sullivan, seconded by Supervisor Blake, moved that the protest be denied and the assessment confirmed.

Board of Supervisors to hear protests, if any, of all person interested in the following described work, done or in the assessment, diagram or warrant for pay of the cost of the same, or in any property affected thereby: Improvement of Underwood Avenue (northerly one-half) between Jennings Street and 300 feet easterly, by the Fay Improvment Company, as described in Declaration of Intention Order No. 53449 of January 9, 1959.

File No. 180-59

Communication.

The Clerk presented a communication from David K. and Corrine Tucker, 1943 Jennings Street, protesting the assessment because of the damage to the sidewalk fronting their property.

Ordered filed.

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

Mr. Aristide Mareello, 1378 Underwood Avenue, remarked that he was protesting the assessment because of the damage to his sidewalk.

Mr. David K. Tucker, author of the letter of protest, stated it was his opinion that inasmuch as he had been previously assessed for the installation of the sidewalk, he did not believe he should be liable for the correction of the damages done by the contractor.

Mr. Lloyd Whaley, representing the Director of Public Works, said that in order to do the improvement it was necessary to remove the curb and also a portion of the sidewalk which has never been replaced. After negotiation with the contractor the Department of Public Works has come to the conclusion it is the responsibility of the City to replace the damaged portion of the sidewalk, and it will be completed without expense to the property owners.

Supervisor James J. Sullivan, seconded by Supervisor Blake, moved that the protests be denied and the assessment confirmed.

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Appropriating \$79,000, Recreation and Park, for Necessary Improvements to Candlestick Park.

File No. 168-60-1, Ordinance No. 117-60.

Supervisor Blake stated that after last week's meeting he directed a communication to the President of San Francisco Stadium, Inc.,

making inquiry as to the reason certain items were left out of the original contract, and response thereto Mr. Alan K. Browne, by return letter, had advised as follows, paraphrased:

"The necessity for the appropriation of additional funds to complete the construction of Candlestick Park resulted from the fact that the contractor had sought arbitration on many items, included in the plans and specifications by the architect, as not being his responsibility, and he also requested extra compensation for work done which he claimed was not in the contract. Also, with respect to omissions, they were not the result of negligence but of interpretation, not being contemplated, compromise, substitution and failure to perform under the contract. While all parties to the contract have been involved and are aware of the points of discussions there are wide differences of opinion as to areas of responsibility.

"San Francisco Stadium, Inc., funds have all been committed under the contract. To date the contract has not been completed according to our architect. If it is desired to place the responsibility for delays, additional costs, omissions, etc., it would be necessary to go to court, which would probably entail a long drawn out purposeless action. The stadium wouldn't be completed in time for the start of the baseball season and court action would probably be the basis for additional damage suits.

"While this is an over-simplification of the subject, I am sure that you can feel confident that the Controller of the City and County of San Francisco is very conscious of his responsibility to protect the interest of the City and County of San Francisco."

Supervisor Blake remarked he had also been furnished information as to the status of the work in January, and he had been informed that many of the things for which we are appropriating the money are in the original plans.

Supervisor Blake called particular attention to the "Fact Sheet" issued by Architect John H. Bolles under date of August 21, 1959, which included, among other statements, the following:

"The Harney contract with San Francisco Stadium, Inc., is essentially a 'scope of work' contract for 40,000-plus, chair-type fixed seats in a reinforced concrete stadium, the nature and limits of which were and are set forth and described in a set of preliminary drawings known as the 'contract' drawings, dated February 26, 1958.

"Harney now claims that this is NOT THE CONTRACT BUT AT THE SAME TIME HE HAS NOT DISCLOSED WHAT HE BELIEVES TO BE THE CONTRACT IN HIS OWN MIND. He now advances claims for 'extras' by denying that the 'contract' assembled by his own vice-president, Jack Dooling, is in fact such.

"On this point, it is significant to note that substantially all of the items in arbitration by Harney (as provided in the understanding) actually are shown or specifically spelled out in the contract drawing and specifications, AND ARE DEEMED TO BE IN FACT CONTRACT ITEMS by John S. Bolles, George Herrington (attorney for San Francisco Stadium, Inc.) and by City Controller Harry Ross. The items in arbitration (as distinguished from admittedly non-contract items listed elsewhere) are the following:

- (1) Public address system; (2) box seat dividers; (3) railings; (4) quality of seating; (5) fire protection system; (6) 'additional' concrete, and (7) concessionaires' counters.

"These items are essential and considered integral to structures of this kind and their inclusion in such contracts is universally accepted and acknowledged.

"Left out of the construction contract with Harney on instructions from the San Francisco Stadium, Inc., because of the multiple-purpose

nature of the structure were several items which are now under discussion for 'extra' work. These include:

- (1) Directional signs in the parking lot; (2) directional signs on the concourse; (3) baseball backstop behind home plate and foul line poles; (4) field depth signs, and (5) players' lockers.

"It has been the consistent position of City Controller Ross that in those instances where the contractor can show demonstrable increases in request for work, the architect may certify them and payment made for them as such. However, the only possible means of such payment would be through the issuance of additional debentures of San Francisco Stadium, Inc."

Supervisor Blake continued that, because of the necessity of having the stadium completed for the opening of the baseball season, he was going to vote for the appropriation but nobody had convinced him, or had shown him any reason, why, it should be the responsibility of the City and County to appropriate the money for the work, and he believed it is the responsibility of the Controller and the City Attorney to make a full investigation of the matter.

Passage for Second Reading as Amended.

The following from Finance Committee, with recommendation "Do Pass After Amendment," heretofore considered was taken up:

An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Municipal Officers and Employees and Non-Certificated Employees of the San Francisco Unified School District, Whose

File No. 430-59-1, Ordinance No.

Motion.

Supervisor Ferdon, as a recommendation of the Finance Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 23, 1960, to the schedule of compensations submitted by the Civil Service Commission on February 5, 1960, and revised by the Commission on March 2, 1960, moved that the compensations set forth in the Finance Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 430-59-1, the Salary Standardization Ordinance of 1960 pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Finance Committee and hereinafter more specifically set forth, be approved, adopted and included in said Ordinance.

Motion to amend seconded by Supervisor Zirpoli.

In the absence of Supervisor James Leo Halley, Chairman of the Finance Committee, Supervisor Ferdon presented the following statement on behalf of the Finance Committee:

Your Finance Committee presents to you today its recommendations in connection with File No. 430-59-1, the Salary Standardization Ordinance of 1960 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

Administrative Provisions: The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved.

Culminating its considerations, the Commission has forwarded to the Board of Supervisors the administrative provisions as recommended by the Commission. A copy is before each Board member. Deletions, additions and revisions are indicated thereon.

The Finance Committee applied intensive study to these administrative provisions, giving careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance appearing in the copy before you.

It is the unanimous recommendation of your Finance Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

Schedule of Compensations: The Finance Committee presents to the Board a unanimous recommendation that the amendments to the schedule of compensations, as reported to you by the Committee, be approved and adopted. The members of the Committee have made their recommendations with a full awareness of the needs of the community, the services rendered by the employees, the requirement for maintenance of equitable relationships, and the provisions of Charter Sections 151 and 151.1.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 9,281, divided into 748 classifications.

I quote a table showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1959 and those which this year are recommended by the Civil Service Commission and/or the **Finance Committee**:

1959—Classes and Positions Provided Increases Through Recommendations of Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
613	7,665	\$2,094,124	\$ 261,766

1959—Classes and Positions Provided Increases by Board of Supervisors, Additional to Those Recommended by Civil Service Commission:

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
Total 1959	78	1,909	\$ 197,790	\$ 24,721
Grand Total 1959	648	8,738	\$2,291,914	\$ 286,487

1960—Classes and Positions Recommended for Increases by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
724	9,192	\$1,844,964	\$ 226,008

1960—Classes and Positions Recommended for Increases by Finance Committee, Additional to Those Recommended by Civil Service Commission:

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
Total 1960	96*	1,736*	\$ 249,559	\$ 30,571
Grand Total 1960	748	9,281	\$2,094,523	\$ 256,579

*24 classes, 89 positions not included for increase by Civil Service Commission.

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain the maxima of their respective salary ranges.

Your Finance Committee has held a considerable number of meetings in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons, and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered. It was particularly encouraging to note that a total of eight Board members was in attendance on the last night of our meetings and that the Committee was afforded a full measure of the advices which their colleagues so freely, cordially and cooperatively gave.

In the light of all the information which could be drawn reasonably from the tremendous volume of data submitted, your Finance Committee believes its recommendations to be comprehensive, eminently fair, fully justifiable, and generous without being profligate. We believe that the community is deeply interested in the welfare and well-being of its employees, and that it will benefit as a result of the recommendations which we make. My colleagues, Supervisor Halley and Supervisor Zirpoli, join me in expressing the hope that you will concur in our recommendations by adopting the motion before you.

Communication.

The Clerk presented a communication from the United Community Fund urging the enactment of the legislation.

Ordered filed.

Statement of President Charles A. Ertola.

Before I cast my vote on this calendar item before us relative to a program designed to deal with juvenile delinquency and related problems, I would like to make my position clear without possibility of misinterpretation.

As the members of the Board will recall, it was my privilege to initiate the legislative proceedings which have led to the measure before us. Although I was and still am convinced that the creation

of a Youth Commission would provide the best service possible in our approach to the problems and activities of our youth, I in no way had any desire to withhold my support of any similar program which had as its objectives the realization of good for the children of the community.

The measure which is on our calendar is one which the majority of the Joint Committee thought best adapted to a solution of the problems. I will be highly pleased to see it approved and to have its program put into prompt effect. For the sake of our youngsters and the City as a whole, I am deeply hopeful that it will be completely successful in the attainment of all its objectives.

The program before us deserves a full and fair trial, and it will have my complete support in all of its efforts looking to the betterment of our children's lot. In the event that it proves less than successful or adequate, then I know that all interested in the program will look for something better or more capably designed to contribute to the welfare of our children, with which we are all so deeply concerned. At that time, it may be that other ideas, whether or not they include a Youth Commission, could be explored.

But in the meantime, I will vote for this and any other measure which represents an advancement in our approach to the solution of the problems confronting our youth.

Mr. Daniel F. MacNeil, 726 Jamestown Avenue, author of the letter above, stated his inquiry had been answered by the representative of the Department of Public Works and he was satisfied with the answer.

The following recommendation of Public Buildings, Lands and City Planning Committee was taken up:

(Supervisor James J. Sullivan dissenting.)

Amending the Housing Code, by Adding Sections 351, 351.1, 351.2, 351.3, 351.4, 351.5 and 351.6 Thereto, Relating to Requirement for Report of Residential Building Record Prior to Sale or Exchange of Residential Buildings; Providing for Waiver of Said Requirement; Defining Residential Building; Providing for Expiration Date of Report; Providing Fee for Furnishing Report; Providing for Inspection Fee; and Providing Effective Date of July 1, 1960.

File No. 824-59, Ordinance No.

Supervisor J. Joseph Sullivan explained that the only difference between the legislation which was now before the Board, and the previous draft, was that a waiver provision had been incorporated into the ordinance whereby the buyer could waive the requirement for securing a report. Supervisor J. Joseph Sullivan also called attention to a communication from the Title Insurance Companies, addressed to the Real Estate Board, wherein it is alleged that any sale made in violation of the terms of the ordinance would be unlawful, and he stated that such a statement was untrue.

Supervisor Ferdon inquired of the City Attorney whether or not there would be any liability on the part of the City if one of its employees, in filling out the report, should make a mistake and it was not discovered until after the sale had been consummated.

Mr. Bernard Ward, Deputy City Attorney, replied that there would not be any liability on the part of the City because it would be acting in its governmental capacity and not in its proprietary capacity, and it would not be liable for any negligence on its part.

Supervisor Ferdon called attention to the phrase "consummation of any arrangements" which was contained in the waiver provisions of the ordinance, and inquired as to its meaning.

Mr. Ward responded it would refer to arrangements that would reduce the negotiations to final form in writing and determines when the title shall transfer from the seller to the buyer, and the report must be filed within 10 days from the reduction to writing.

Motion to Re-refer.

Supervisor Rolph, seconded by Supervisor James J. Sullivan, moved that the legislation be re-referred to committee for the purpose of considering the comments of the Title Insurance Companies.

Supervisor J. Joseph Sullivan remarked he would vote against the motion because the matter had been heard exhaustively in committee with every facet being considered; and that this was just another thought of the Title Insurance Companies because last week they had approved the waiver.

Motion defeated by the following vote:

Ayes: Supervisors Ertola, Rolph, James J. Sullivan—3.

Noes: Supervisors Blake, Casey, Dobbs, Ferdon, Halley, McMahon, J. Joseph Sullivan, Zirpoli—8.

Supervisor Blake inquired of the Director of Public Works as to whether or not there would be any delay in the issuance of the reports, and the making of the physical inspections.

Mr. Reuben Owens, Director of Public Works, replied that, predicated on the employment of a staff sufficient to handle the work involved, he believed the reports would be in the mail within 24 hours from the filing of the application, and the physical inspections would be made within three days from the request therefor.

Supervisor James J. Sullivan, in explaining his vote, stated that he was going to vote against the legislation because he believed it was unnecessary and would serve no good purpose because no assurance would be given to the buyer that the so-called conversions would be legal or not.

Supervisor Rolph, in explaining his vote, remarked he believed that the protest from the Title Insurance Companies should be considered by the Committee, and if he were required to vote for the matter today he would vote against it because all of the facts have not been made available to him.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ferdon, Halley, McMahon, J. Joseph Sullivan, Zirpoli—8.

Noes: Supervisors Ertola, Rolph, James J. Sullivan—3.

Re-reference to Committee.

Accepting bid of North Center Parking Corporation for the Leasing and Operation of the Portsmouth Square Public Parking Facility; Approving Award of Bid by the Recreation and Park Commission to Said Bidder; and Authorizing Execution of Said Automobile Parking Lease.

File No. 727-59-4, Resolution No.

Discussion.

Mr. Vining Fisher, General Manager, Parking Authority, in response to inquiry by Supervisor McMahon, explained that although the North Center Parking Corporation was the highest and best responsible bidder, the acceptance of the bid was contingent upon the lending agency, the New York Life Insurance Company, giving its approval. The lending agency felt that the non-taxable feature of the bonds to be issued would be better preserved by an assignment of the lease to the City of San Francisco Portsmouth Plaza Parking Corporation, a non-profit corporation.

Mr. Jerry Cohen, Deputy City Attorney, stated that the New York Life Insurance Company desired that the City of San Francisco Portsmouth Plaza Parking Corporation be the holder of the lease, but the North Center Parking Corporation will remain liable under all of the obligations of the lease.

Supervisor Ferdon explained that the Controller had informed the Finance Committee that such an assignment was necessary so there would not be any chance of a tax question being raised on the operation of the parking facility, because the City of San Francisco Portsmouth Plaza Parking Corporation is a tax exempt non-profit corporation, while the North Center Parking Corporation is not, and it was based on that statement that the Finance Committee gave approval to the legislation.

Mr. Harry Ross, Controller, explained the control the City would have over the operation of the parking facility by reason of the fact that the operator must submit his proposed budget to the City for approval, and it is scrutinized very carefully. Also the contract contains a provision that before any money is expended in connection

with the operation of the garage it must be in the approved budget, otherwise such expenditure would not be deductible from the operating expense.

Supervisor Ferdon stated that the only thing which controlled his vote during the Committee's consideration of the legislation, was the prospective taxability of the North Center Parking Corporation, and inquired of Mr. Ross whether or not the information he had given to the Finance Committee was based on legal advice from one in the legal field. Upon receiving a negative answer, Supervisor Ferdon inquired if anybody knew who, in the City Government, had initiated the assignment.

Mr. Jerry Cohen, Deputy City Attorney, remarked that it was not initiated by anybody in the City Government, but it was a condition imposed by the New York Life Insurance Company and it had to be accepted by the bidder, otherwise there would be no money approved.

Supervisor Ferdon, seconded by Supervisor McMahon, moved that the legislation be re-referred to Finance Committee for additional study.

Supervisor McMahon requested that the Finance Committee give careful consideration to the matter because as it now stands, we have a bid from an experienced garage operator, and we are immediately requested to accept an assignment of that bid to a non-profit corporation with no experience whatsoever in the garage business, and there is nothing that says the original bidder will be responsible, nor is there anything which gives the City control over the operation of the garage other than control over the budget. There is nothing which says that the assignee has to lease to an experienced garage operator, or contract in any way to an experienced garage operator, or to whom they can assign the operating lease. The sole person responsible to the City will be the assignee and if we approved the budget we would have no right to state who was to operate the garage. Believe we should accept the North Center Parking Corporation bid because it is the best bid, and believe that the City should include in the document the name of the person who is to operate the garage.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor Rolph—1.

Withdrawal of Proposed Amendment.

Supervisor Halley stated that subsequent to the meeting of the Finance Committee it was pointed out to the members thereof, that the proposed amendment would work a hardship on the Purchaser of Supplies, and, therefore, the Finance Committee is now changing its recommendation and submitting the legislation to the Board for passage for second reading without any amendment thereto.

Consideration Continued.

The following recommendation of County, State and National Affairs Committee was taken up:

(Supervisor Ferdon dissenting.)

Memorializing the Governor to Call a Special Session of the Legislature to Consider Amendments to the California Water Resources Development Bond Act (S. B. 1106).

File No. 585-59-2, Resolution No.

Discussion.

Supervisor Halley explained the historical background of the legislation, and stated that the City Attorney had recommended to the Committee that every effort should be made to urge the Governor to issue a special call so consideration could be given to defects in S. B. 1106. Also, the Manager of Utilities had pointed out how the bill could be amended to correct a very serious problem which might affect the City and County of San Francisco in its relations with water consumers in the South Bay Area and suggested that S. B. 1106 be amended to provide that the price for sale of water by the State should be sufficient to cover the cost of producing such water.

Mr. McMorris Dow, Deputy City Attorney, remarked that if the bond issue should be approved by the voters and one bond was sold, S. B. 1106 would be irrevocable until all of the bonds which had been sold had been retired, which would be in excess of 50 years.

Presentation of Legislation Out of Order.

Supervisor J. Joseph Sullivan requested permission to present a proposed resolution out of order, as follows:

Requesting Adoption at the Current Budget Session of the State Legislature of an Amendment to the Budget Act of 1960 and of a Concurrent Resolution, Both of Which Concern the Construction and Operation of the South Bay Aqueduct, a Feature of the California Water Plan.

File No. 585-59-3, Resolution No.

However, before such presentation was made and before a motion was made that the proposed resolution be adopted, Supervisor Ferdon declared that he was familiar with the subject thereof, a copy being in his possession, and in lieu of its presentation as a separate resolution by Supervisor J. Joseph Sullivan, he, Supervisor Ferdon, moved it as an amendment to File No. 585-59-2, presently under consideration by the Board.

The Chair ruled that the proposed resolution could not be considered as an amendment to the calendar item because it did not deal with the same subject matter, but that it could be presented as a new measure.

Supervisor Ferdon thereupon stated he would present the proposed resolution as a substitute for the matter appearing on the Board's calendar, designated File No. 585-59-2, and inquired of the Chair as to the number of votes required to pass the substitute.

The Chair ruled that since the substitute had to stand by itself, and could not be considered as a motion to substitute, which is actually a motion to amend, it would require the unanimous consent of the members present to adopt the proposed resolution today, the day of its introduction, without reference to committee.

Supervisor Ferdon thereupon requested permission to withdraw the proposed resolution.

No objection and request *granted*.

Discussion.

Supervisor Ferdon remarked that the Board is calling upon the Governor to place on his calendar an item which he has continuously refused to place on his calendar. In 1957 the Board adopted a resolution setting forth its policy with respect to any Water Bill but to date the Legislature has not seen fit to incorporate this policy into the Water Bill, and by enacting this proposed resolution we might lose the advantages we have gained by negotiations between the Public Utilities Commission and the State Department of Water Resources; the Board should not engage in an idle act, and even if the Governor should issue a special call, San Francisco would not

have enough force to have the Legislature amend the bill in accordance with our views.

Supervisor Halley stated that the City Attorney had informed the Finance Committee he did not believe that the concurrent resolution would be binding upon the State. The proposed resolution as recommended by the Committee had been prepared by the City Attorney, and it is his opinion that this is the only way in which San Francisco's position can be protected.

Supervisor Halley continued that, as it now stands, San Francisco is on record as being opposed to S. B. 1106 in its present form, and unless it is amended to remove the objections San Francisco will not be in a position to endorse the bill.

In response to inquiry by Supervisor Zirpoli, Supervisor Halley answered that if the Board were to adopt both the calendar item and the proposed resolution providing for an amendment to the Budget Act of 1960, the City Attorney had advised the Committee that it might be a weakening of our position in the matter, although he did not say that one act would nullify the other, and he, Supervisor Halley, said it was his personal opinion that if both resolutions were adopted they would complement one another.

Mr. Bernard Ward, Deputy City Attorney, explained that while any amendment to the Budget Act of 1960 imposing conditions upon the expenditure of money for the South Bay Aqueduct would be binding on the Legislature, if the people should approve the bond issue contained in S. B. 1106 the Legislature would not have any control over how the bonds were to be issued, or for what purpose the money received from the sale of the bonds was to be used.

Supervisor Dobbs advised he had been informed by a member of the San Francisco Delegation in the Legislature that the Board should ask for a Special Call to consider amendments to S. B. 1106, and nothing else, because the Legislative Council has rendered an opinion, in accord with the ruling made by Mr. Holm, that the concurrent resolution would not be binding.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Halley, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—8.

Noes: Supervisors Ertola, Ferdon—2.

Absent: Supervisor Rolph—1.

Presentation of Legislation Out of Order.

Reference to Committee.

Supervisor J. Joseph Sullivan requested permission to present the following legislation out of order.

No objection and request *granted*.

Requesting Adoption at the Current Budget Session of the State Legislature of an Amendment to the Budget Act of 1960 and of a Concurrent Resolution, Both of Which Concern the Construction and Operation of the South Bay Aqueduct, a Feature of the California Water Plan.

File No. 585-59-3, Resolution No.

Supervisor J. Joseph Sullivan, seconded by Supervisor Ferdon, moved adoption.

Supervisor Dobbs stated he objected to the immediate consideration of the proposed resolution because he had been informed by the Deputy City Attorney that the adoption of the resolution would weaken our position, and he, Supervisor Dobbs, did not in any way desire to weaken our position.

Referred to County, State and National Affairs Committee.

Rescission of Action.

Supervisor Zirpoli, seconded by Supervisor J. Joseph Sullivan, moved that the Board rescind the vote by which it adopted the proposed resolution memorializing the Governor to call a Special Session of the Legislature to consider amendment to the California Water Resources Development Bond Act.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Ertola, Ferdon, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—7.

Noes: Supervisors Casey, Dobbs, Halley—3.

Absent: Supervisor Rolph—1.

Supervisor Zirpoli stated he made the motion to rescind because he was satisfied that what was most important to San Francisco was to get the benefit of the amendment to the Budget Act of 1960, because by getting the amendment we will be getting assurance that the cost of water will be passed on to those who are in competition with us in the selling of water.

Supervisor Dobbs suggested that Mr. Holm be contacted to ascertain his feelings as to whether or not the enactment of both resolutions would weaken San Francisco's position.

Motion to Recess.

Supervisor Dobbs, seconded by Supervisor James J. Sullivan, moved that when the Board concludes its business it recess to the hour of 9:00 p. m., and that the Clerk of the Board contact Mr. Holm to get his opinion on the resolution presented by Supervisor J. Joseph Sullivan.

Explanation of Vote.

Supervisor Ferdon stated that he was opposed to the motion because the matter has been approved as to form, and by continuing consideration we are delegating our authority to the City Attorney. In 1957 the Board adopted its policy with respect to the Water Bill and nothing that is done today will change that policy.

Supervisor Casey remarked he did not believe that the City Attorney had ever expressed his opinion on the legislation which was presented by Supervisor J. Joseph Sullivan but on legislation that made specific reference to S. B. 1106, and it was not necessary to contact the City Attorney because the opinion he rendered was being misinterpreted.

Supervisor Zirpoli in explaining his vote said that any view expressed by the City Attorney with relation to the weakening of the Board's position is merely an expression of opinion, and it rests with the Board to decide whether or not it should enact either or both of the resolutions, but he, Supervisor Zirpoli, felt so strongly about the matter that if a response by the City Attorney could bring about a favorable view of the resolution presented by Supervisor J. Joseph Sullivan, it would be of prime importance to the benefit of the City, and for that reason he would vote for the motion.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Dobbs, Halley, J. Joseph Sullivan, James J. Sullivan, Zirpoli—6.

Noes: Supervisors Casey, Ertola, Ferdon, McMahon—4.

Absent: Supervisor Rolph—1.

Supervisor Ferdon Excused from Attendance.

Supervisor Ferdon requested permission to be excused from attending the recessed meeting because of personal reasons.

No objection and request *granted*.

Consideration Continued.

Thereupon the Board resumed consideration of the following recommendation of County, State and National Affairs Committee, with Supervisor Ferdon dissenting, heretofore adopted and action there-after rescinded.

Memorializing the Governor to Call a Special Session of the Legislature to Consider Amendments to the California Water Resources Development Bond Act (S.B. 1106).

Supervisor Halley, seconded by Supervisor Casey, moved that consideration be continued until 9:00 p. m.

Supervisor Ferdon moved that the Clerk direct a communication to the Legislative Representative to make certain that S. B. 45 has been amended in accordance with the intent of the San Francisco Port Authority.

Memorializing the Governor to Call a Special Session of the Legislature to Consider Amendments to the California Water Resources Development Bond Act (S. B. 1106).

File No. 585-59-2, Resolution No.

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Rescission of Reference to Committee.

Adopted.

The Chair announced that it was rescinding its action by which it had heretofore referred to County, State and National Affairs Committee the following:

Requesting Adoption at the Current Budget Session of the State Legislature of an Amendment to the Budget Act of 1960 and of a Concurrent Resolution, Both of Which Concern the Construction and Operation of the South Bay Aqueduct, a Feature of the California Water Plan.

File No. 585-59-3, Resolution No. 162-60.

Supervisor J. Joseph Sullivan, seconded by Supervisor Halley, moved adoption.

At the request of Supervisor Dobbs, the Clerk informed the members of the Board of his telephonic conversation with City Attorney Dion R. Holm as follows:

Record of telephone call from Robert J. Dolan to Dion R. Holm, Carlton Hotel, Washington, D. C., 7:00 p. m., PST.

Mr. Holm was informed that the Board was considering, as a calendar item, a resolution requesting that a special session be called to consider amendments to S. B. 1106. He was asked whether or not that is his recommendation. He replied that it is, if the Board wishes to try to comply with its declarations made in the Water Policy Resolution adopted in 1957.

Mr. Holm was told that the P. U. C. had drafted, and Supervisor J. Joseph Sullivan had introduced, a resolution calling for an amendment to the Budget Bill and a concurrent resolution which would give the State Legislature's recognition to administrative assurances that San Francisco's water policy would be adhered to in the construction and operation of the South Bay Aqueduct. He was asked if he opposed the resolution, after it had been read to him in its entirety.

He replied that he did not oppose it, but felt it should be emphasized that if the Board adopts it, it would have no legal effect so far as the concurrent resolution is concerned, and the lengthy reasons for his conclusion have been set forth in his recent opinion.

So far as the amendment to the Budget Bill is concerned, it might act as a deterrent to a certain degree, to the expenditure of money. However, if the people approve S. B. 1106, that would be the latest expression and it would be the law, which, in effect would repeal any contrary expression in the Budget Bill. The point which he wishes to bring out, and he refers again to his opinion, is that unless the Board acts in a way to bring in now any amendments which they want to make in S. B. 1106, because of the shortness of the time in the current budget session and because of the ease with which the Governor could make a special call to take the amendments up, the Legislature may adjourn. Then we will be confronted with a very difficult task to get any amendments approved before S. B. 1106 gets on the ballot. San Francisco might be jockeyed into a position of deferring consideration of amendments until such time as the Legislature gets out of the way. Mr. Holm repeats that the Board should not adopt the P. U. C. resolution with any idea that it would give San Francisco any legal security against the terms of S. B. 1106 if S. B. 1106 goes into effect.

Mr. Holm stated that his position would be the same whether the two resolutions were adopted concurrently by the Board, or if only the P. U. C. resolution were adopted, and that his position is not dictated by any legalities of the situation but merely by his consideration as to what will best serve San Francisco's interests.

Mr. Holm was asked whether our position would be weakened by the adoption of the P. U. C. resolution, regardless of whether the CS&NA resolution were adopted. He replied that legally speaking, it would probably not be weakened. But by adoption of the P. U. C. resolution, it might well be argued by the proponents of S. B. 1106 that the Board of Supervisors of San Francisco have passed a policy declaration calling for a concurrent resolution and a budget amendment, hence they have no apparent opposition to S. B. 1106; they got what they wanted in the concurrent resolution and the budget amendment. Thus, in a sense, it would weaken San Francisco's position.

His reaction to the P. U. C. resolution is the same, whether it is confined to the budget amendment, or also includes the concurrent resolution phase.

Mr. Holm was asked whether or not the P. U. C. resolution is the same as the measure which he expressed opposition to in committee. He stated that in the committee Mr. Kirkwood was reading from a proposed resolution which was generally the same, except that the latest draft has some added refinements. Mr. Holm opposed that in effect on the ground that it would have no legal effect. If S. B. 1106 becomes effective and any general obligation bonds are sold from the issue which it authorizes as it is now written, it will never be possible to amend it so long as any bonds are outstanding, and San Francisco will be wedded to it in virtual perpetuity.

Mr. Holm concluded that now is the time that S. B. 1106 must be amended if it is to be amended at all, and not after the people have voted on it. Action must be taken now to clear up the ambiguities and make sure that the City's position is that which the Board has expressed in the 1957 resolution—it must be expressed in the Act itself.

Explanation of Vote.

Supervisor Dobbs, in explaining his vote, stated that it was obvious from what the City Attorney says that S. B. 1106 is opposed to the best interest of San Francisco, and Mr. Holm is trying to protect our own position. I believe he is correct when he says we should do everything to amend S. B. 1106. While I agree with the City Attorney that a concurrent resolution would have no effect, I do not believe there should be any reason for objecting to the enactment of the resolution although I believe the blame should be placed where it belongs, on the people who enacted the bill without protecting our interests.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor Rolph—1.

Adopted.

The Board resumed consideration of the following recommendation of County, State and National Affairs Committee, with Supervisor Ferdon dissenting, heretofore considered and temporarily postponed.

Memorializing the Governor to Call a Special Session of the Legislature to Consider Amendments to the California Water Resources Development Bond Act (S. B. 1106).

File No. 585-59-2, Resolution No. 161-60.

Explanation of Vote.

Supervisor Ferdon, in explaining his vote, said he felt deeply about our requesting the Governor to do something when we have no chance of having it done, and he believed the Board is in a better position by standing on the policy it declared in 1957.

Supervisor Dobbs, in explaining his vote, remarked that he was opposed to S. B. 1106 because he believed it was wrong for San Francisco as now written, and while he hoped a Special Session would be called, if it were not he was of the opinion the bill should be opposed and therefore he would vote to adopt the resolution.

Adopted by the following vote:

Ayes: Supervisors Casey, Dobbs, Halley, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—7.

Noes: Supervisors Blake, Ertola, Ferdon—3.

Absent: Supervisor Rolph—1.

Adopted.

Expressing Opposition to S. B. 45 Relating to Power of Eminent Domain by the San Francisco Port Authority.

Mr. Bernard Ward, Deputy City Attorney, explained that the Port Authority was attempting to secure some property which is on the tax roll, and it appears in the best interest of the City that the bill be opposed in its entirety and not recommend an amendment to it.

Supervisor Ferdon, seconded by Supervisor Halley, moved that this Board of Supervisors does hereby express its opposition to S. B. 45, relating to power of eminent domain by the San Francisco Port Authority, in its present form, or in any amended form.

File No. 13-60.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor Rolph—1.

ADJOURNMENT.

There being no further business the Board, at the hour of 9:45 p. m., adjourned.

ROBERT J. DOLAN, Clerk.

Approved by the Board of Supervisors April 4, 1960.

I, Robert J. Dolan, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Supervisor Zirpoli noted present at 2:15 p. m.

Supervisor McMahon excused from attendance. (On official leave of absence.)

Supervisor Rolph excused from attendance. (See below.)

There being no objection, the Journal of Proceedings for the meeting of Monday, March 14, 1960, was considered read and approved.

Supervisor Rolph Excused from Attendance.

The Chair announced that it had received a request from Supervisor Rolph asking to be excused from attendance due to business reasons.

No objection and request *granted*.

SPECIAL ORDER—2:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 5213, Dated February 11, 1960, Approving Application for a Variance from the Provisions of the Set-Back Line Ordinance, Relating to Lot 3, Block 2838, Located on Ninth Avenue, North of Mendosa Avenue.

File No. 190-60.

The Clerk presented a communication from Mr. A. P. Christensen, Assistant Secretary, Forest Hill Association, advising of the association desire to withdraw the appeal.

Ordered *filed*.

Thereupon the following was taken up:

Disapproving Decision of the City Planning Commission by Its Resolution No. 5213, Dated February 11, 1960, Approving Application for a Variance from the Provisions of the Set-Back Line Ordinance, Relating to Lot 3, Block 2838, Located on Ninth Avenue North of Mendosa Avenue.

File No. 190-60-2, Resolution No.

Supervisor James J. Sullivan, seconded by Supervisor Halley, moved adoption.

In response to inquiry of Supervisor Ferdon the Chair ruled that the resolution should be "refused adoption" rather than "tabled," because then the one year time limitation, within which another change for a variance could not be filed, would begin to run immediately upon the Board's refusal to adopt.

Refused adoption by the following vote:

Noes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, J. Joseph Sullivan, James J. Sullivan—8.

Absent: Supervisors McMahon, Rolph, Zirpoli—3.

Consideration Continued.

SPECIAL ORDER—2:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 5214, Dated February 18, 1960, Disapproving Application to Rezone a Portion of Block 44, Bounded by Leavenworth, Francisco, Jones and Bay Streets, from Second Residential District to First Residential District.

File No. 183-60.

Supervisor James J. Sullivan, seconded by Supervisor J. Joseph Sullivan, moved that consideration be continued for a period of one week pending a full membership of the Board.

Mr. Raymond Shone, Attorney at Law, representing the appellee, protested any continuance on the premise that it would work a hardship on his client and may, if the building permit should not be granted prior to the time the new Zoning Ordinance became operative, result in the appellee being denied a permit to construct.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Ferdon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—6.

Noes: Supervisors Dobbs, Ertola, Halley—3.

Absent: Supervisors McMahon, Rolph—2.

(Recommendations:

4. Later-stage construction of a rapid transit line serving the Mission and Outer Mission communities, with early action recommended to assure reservation of rights-of-way;
5. Utilization of subway or below-grade rapid transit route facilities to the extent economically feasible, to avoid the disruptive influence of surface and elevated routes on the densely settled San Francisco residential communities.)

Supervisor Blake stated that he would vote against the resolution because it was his opinion that since this was the report of the Mayor's Council, it should be referred to the Mayor and he should transmit it to the San Francisco Bay Area Rapid Transit District.

Supervisor Dobbs remarked he did not believe the Board should adopt a position when it did not know all of the facts, and unless there was a hearing on the matter he was opposed to the adoption of the resolution.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that the legislation be re-referred to the County, State and National Affairs Committee, with direction that it be referred to the Mayor's Transportation Council advising them it is the Board's opinion that the Council should conduct public hearings on the report, and submit its findings to the County, State and National Affairs Committee.

Ordered Submitted.

The Board resumed consideration of the following recommendation of Judiciary Committee heretofore considered and temporarily postponed:

Charter Amendment—Amending Section 61, Providing for the Appointment of an Assistant Director of Public Health in Charge of Institutions.

File No. 144-60

Mr. Thomas Blanchard, Deputy City Attorney, advised that he could legally accept the amendment because if the State law imposed a duty upon the Director of Public Health then the State law would supersede the Charter. The Chief Administrative Officer has control of the Department of Public Health and he could delineate and specify the powers and duties of the Director of Public Health and the Assistant Director of Public Health in Charge of Institutions.

Mr. Sherman P. Duckel, Chief Administrative Officer, stated that the amendment was acceptable to him.

Supervisor Dobbs, seconded by Supervisor McMahon, moved that the following sentence of the recommended language to be inserted in the Charter section, reading as follows: "Subject to the approval of the chief administrative officer, the director of public health shall have power to appoint and remove an assistant director of public health for hospital services, who shall be responsible, subject to administrative approval of the said director, for the management of the institutions of the department of public health, including, but not limited to, the San Francisco General Hospital, Laguna Honda Home, Hassler Health Home and the Emergency Hospital Service, and who shall be exempt from the civil service provisions of the charter," be amended by deleting the following: "Subject to the approval of" ", the director of public health" ", subject to administrative approval of the said director," and adding the words "administrative and business," so that the same shall read as follows: "The chief administrative officer shall have power to appoint and to remove an assistant director of public health for hospital services, who shall be responsible for the administrative and business management of the institutions of the department of public health, including, but not limited to, the San Francisco General Hospital, Laguna Honda Home, Hassler Health Home and the Emergency Hospital Service, and who shall be exempt from the civil service provisions of the charter."

Final Passage.**Taken Up Out of Order.**

Supervisor Dobbs, seconded by Supervisor James J. Sullivan, moved that the following recommendation of Public Buildings, Lands and City Planning Committee be taken up out of order.

No objection and motion *carried*.

Amending Ordinance No. 492-58, Comprehensive Zoning Ordinance, Effective May 2, 1960, by Amending Section 50, 212 and 215 Thereof, Relating to Non-conforming Buildings and Uses, General; Repeals; and Operative Dates; an Emergency Measure.

File No. 254-60-1, Ordinance No. 200-60.

Supervisor Dobbs explained that since the Comprehensive Zoning Ordinance becomes effective May 2, 1960, and there are several matters pending before the Planning Commission, as well as other matters already acted on by the Commission, it is necessary to continue the jurisdiction of the Board of Supervisors to hear and pass upon appeals from these rulings. An ordinary ordinance would not be effective for 30 days, and by the terms of the Comprehensive Zoning Ordinance, operative May 2, 1960, the Board of Supervisors and the Planning Commission would have lost jurisdiction to consider the above matters. An emergency ordinance going into effect immediately will remedy this situation and guarantee to the persons involved their full rights both as to appeals to the Board of Supervisors and any action that may be required by the Planning Commission.

Finally Passed by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, James J. Sullivan, Zirpoli—10.

Absent: Supervisor J. Joseph Sullivan—1.

Passage for Second Reading.

Supervisor Dobbs, seconded by Supervisor James J. Sullivan, moved that the following recommendations of Public Buildings, Lands and City Planning Committee be taken up out of order.

File No. 36-60-2, Ordinance No.

(Lot and Block	Use District to Be Superseded	Use District Hereby Approved
Lot 1, Block 629	R-3	C-1
Lot 8, Block 612	R-3	C-1

Proposed amendments have been disapproved by the City Planning Commission.)

Mr. James McCarthy, Director of Planning, remarked the Commission had disapproved the proposed change because it was of the opinion that the owners of the property should withhold any request for a change in the use classification until the plans for the development of the Stanford Hospital property have been determined.

Explanation of Vote.

Supervisor Zirpoli, in explaining his vote, stated he was disposed to go along with the recommendation of the City Planning Commission because, if the Board does not, it would be enacting special legislation. We would be giving special consideration to two parcels of property in a non-conforming R-3 District and it was his opinion that a review should be made of all parcels of property in similar circumstances.

Supervisor Ferdon, in explaining his vote, explained he would support the City Planning Commission because from his personal experience he knew that property around hospitals does not necessarily become commercial.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahon, Rolph, James J. Sullivan—8.

Noes: Supervisors Ferdon, Zirpoli—2.

Absent: Supervisor J. Joseph Sullivan—1.

Hearing Held.

Public Hearing and Consideration of the Proposed Budget and Proposed Annual Appropriation Ordinance for the Fiscal Year 1960-61.

File No. 900-59

The Chair explained that the hearing was being held pursuant to the provisions of the Charter to permit citizens to speak on any particular item in the proposed budget, and to present their reasons why the Board should either approve or disapprove the matter.

The following citizens addressed the Board:

Mr. Howard McGurrin, Finance Chairman of the Committee of Fifty, appointed pursuant to the Greenway Report, urged approval of the budget of the Public Library to comply with the recommendations contained in the Greenway Report.

Mr. George Williams, 253 Upper Terrace, spoke on behalf of the budget of the Public Library and requested approval of funds for the purchase of additional scientific books.

Mr. Alan S. Merriwell, 296 Pacific Avenue, Vice President, Associated Democratic Corporation of San Francisco, urged approval of funds in the Public Library budget to permit construction of additional facilities.

Mrs. Uta Hiroshima, representing the Sunnyside P.T.A., urged approval of the Public Library budget.

Mr. Arthur E. Wilkens, Chairman, San Francisco Municipal Conference, requested the Board to effectuate reductions by deleting requested new positions within the Police Department, the consoli-

dation of district stations and the deletion of funds for the purchase of land for a new Central Station; also the deletion of funds from the budget of the Art Commission for the purchase of Civic Center statuary. Mr. Wilkens, after his presentation, submitted a communication which was referred to Finance Committee.

Mr. Andrew J. Gallagher, representing the Southern Improvement Club, and industrial organizations in the South of Market Area, urged the approval of funds for additional policemen for patrol work in the South of Market District; and also the expenditure of funds for the improvement of surface streets rather than freeway projects.

Mr. Thomas Kelly, representing the Hospital Workers' Union, Local 250, requested the approval of funds sufficient for the operation of the San Francisco General Hospital.

Mrs. A. G. Garibedian, representing San Francisco Second District, California Congress P.T.A., urged approval of Public Library budget.

Mrs. Philip Lawrence, representing the League of Women Voters of San Francisco, spoke in support of the budget requests of the Youth Guidance Center for additional personnel and funds for the construction of a Service and Administration Building at the Log Cabin Ranch School.

Mr. Ferd Josephs requested the approval of funds in the Public Library budget for the construction of a branch library, to serve the Western Addition, on a portion of Hamilton Playground, fronting on Scott Street, and explained that the Recreation and Park Commission has agreed to the use of said property for this purpose.

Mr. Robert R. Marcus, Principal of the Benjamin Franklin Junior High School, agreed with the statements of Mr. Josephs, and pointed out the necessity for such a library.

Reverend Elmo McLaughlin, Pastor of St. Cyprians Episcopal Church, also urged the construction of the library for the Western Addition Area.

Supervisor Dobbs remarked that since he would not be in attendance when the Board considered the budget, he desired to express his approval of the proposal for the construction of the branch library and expressed the hope that the Board would include money in the budget for the purpose.

Supervisor Ferdon remarked it was his feeling that before the Board acted upon such a recommendation it should receive an expression of opinion from the Library Department as to which branch library should have priority in view of the fact that they have recommended monies for the purchase of land for new branch libraries in the Bayview and Excelsior Districts.

Supervisor Ferdon requested that the Clerk request the Library Commission to so inform the Board and, if they recommend the construction of the branch library in Hamilton Square, they submit information as to the actual cost of such construction.

No objection and *Clerk directed to comply.*

Dr. Roberta Fenlon, M.D., representing the San Francisco Medical Society, urged the approval of funds for the operation of the various institutions under the Department of Public Health. Dr. Fenlon, after her presentation, submitted a communication which was referred to the Finance Committee.

Mr. Lawrence Oustein, representing the San Francisco Hygiene Association, recommended approval of the budget of the San Francisco General Hospital.

Reverend A. Quinn, Assistant Superintendent of Parochial Schools, urged approval of the position of Assistant to the Director of Maternal and Child Health in the Public Health budget.

Mr. John McLaughlin, Business Agent, Municipal Park Employees' Association, requested the deletion of Section 6A of the Annual Appropriation Ordinance.

Mr. Bart Rolph, Superintendent of Parks, Recreation and Park Commission, recommended the deletion of Section 6A of the Annual Appropriation Ordinance.

The Chair inquired if there was anybody else in attendance who desired to speak on any other budget item.

There being no response, the Chair declared the hearing concluded.

Charter Amendment—Repealing Section 5.1, Which Prohibits Any Person Elected as Mayor from Serving for More Than Two Successive Terms.

File No. 241-60

Supervisor Ferdon, in explaining his vote, stated he believed it was wrong to immediately submit something to the electorate which had not as yet been tried, and the people should be given an opportunity to see whether or not its is good, bad or indifferent for the community.

Supervisor Blake remarked he had introduced the proposal with the idea the present Mayor should not be a party to it and he did not believe anybody should enact legislation to perpetuate one's term of office. Since the proposal had been amended by the Committee to make it applicable to the incumbent Mayor, Supervisor Blake stated he would vote against the matter.

Supervisor Casey explained that he did not believe in passing laws lightly and since the existing charter section had been enacted only seven years ago he was of the opinion that the people had not been given an opportunity to determine whether it was a good law or not, and he would vote against the proposal.

File No. 288-60, Resolution No. 272-60.

Supervisor Halley stated that the adoption of the resolution was not to be construed as an indication that the Board in the future will, without the holding of a public hearing on the subject, approve the Junipero Serra Freeway into San Francisco. The Board was not approving the map which would permit the extension of the existing "stubs" into San Francisco, but merely approving the area representing the extension of this portion of the Southern Freeway from Orizaba Street to the County Line.

Supervisor Halley, seconded by Supervisor Ferdon, moved that consideration of the proposed resolution be continued for a period of one week and a representative of the State Division of Highways be requested to appear before the Board.

Supervisor Halley requested permission to withdraw his motion.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

Supplemental Appropriations for Payment of Overtime for Members of Uniformed Force of the Police Department.

Supervisor Blake stated he was very much concerned over the fact that many City employees, especially Nurses and Policemen, had to wait five and ten days before receiving paychecks for the preceding pay period, and he had invited Mr. Ross, Controller, to explain why these employees were not paid within a reasonable time.

Mr. Ross explained that Police Department overtime rolls were submitted to the Controller with directions to "hold until funds were available." Police Department usually secures its money for overtime from surpluses accruing in the regular salary fund. A special appropriation could be made if the department requested it.

With respect to Nurses, Mr. Ross continued, their pay day is generally the 5th and 20th and the problem is that sometimes there is a week end which intervenes and upsets the schedules. As a general rule all employees are paid on time, the only difficulty is where there is shift work.

Mr. Ross remarked he would submit a report to Supervisor Blake.

Supervisor Blake requested that the Clerk direct a communication to the Police Commission, requesting that it submit supplemental appropriation requests to assure the expeditious payment of overtime for members of the uniformed force.

Approving Lease Agreement Between Recreation and Park Commission and The Golden Gate Riding Academy for Operation of a Riding and Stall Concession in Golden Gate Park.

File No. 659-59, Ordinance No.

Supervisor Zirpoli remarked that he desired the Recreation and Park Commission to consider an amendment to the lease agreement by amending Paragraph 7, by inserting, after the first sentence, the following: "Provided, however, that any extension of the term of this lease shall contain as an alternative to the percentage a minimum monthly rental provision to be established by negotiation by the Lessor and Lessee."

Supervisor Halley explained that the Board of Supervisors could not amend the lease and any suggested amendments would have to be referred to the Recreation and Park Commission for its approval.

Thereupon Supervisor Halley, seconded by Supervisor Zirpoli, moved that consideration of the legislation be continued for a period of one week, and the Recreation and Park Commission be requested to consider the suggested amendment and to submit its report thereon.

The following from Finance Committee with recommendation "Do Pass After Amendment" was taken up:

Annual Budget of the City and County of San Francisco for the Fiscal Year 1960-1961.

File No. 900-59

Budget Statement of Supervisor James Leo Halley on Behalf of Finance Committee.

May 9, 1960.

Today the Finance Committee presents to you the proposed budget of the City and County of San Francisco for the fiscal year 1960-61. It comes to you as submitted by the Mayor, with the recommendation of the Finance Committee that it be adopted on May 16th after approval of the amendments proposed by the Committee.

Itemized lists of Finance Committee recommendations have been furnished you which, together with the three volumes of the budget, and the supplemental budget requests, will provide you with a comprehensive budget report.

Just a word for your full information about our Committee recommendations. As is the case with most if not all deliberative bodies, the members of the Finance Committee did not in every instance see eye to eye on the thousands of appropriations requested by the department heads. While our discussions of points of difference were most harmonious and utterly lacking in acrimony, nevertheless they did take place on some few occasions. Perhaps that is the best

indication that the Committee members viewed each item as their individual consciences dictated, in what each deemed the best interests of the community, and not as the result of any group pressure which might have been exerted.

In any event, despite the minor differences of opinion which developed, and in the interests of reaching an accord and submitting unified and on the whole acceptable recommendations to their colleagues, the Committee has agreed that its recommendations shall come to the Board with complete unanimity and without recordation of any informal dissents which may have been expressed.

Budget Totals and Tax Rate: The budget estimates submitted by the departments to the Mayor totaled \$279,135,403, including supplemental budget requests. That figure represented an increase of \$24,090,393 over the approved budget total for the current fiscal year, exclusive of bond funds.

The budget, and supplemental budget requests, as submitted by the Mayor to the Board, including increases made mandatory by salary standardization requirements of the Charter, aggregate \$266,-010,995, exclusive of bond funds.

The Finance Committee has held over a dozen meetings to consider the proposed budget and its more than two thousand pages of itemized expenditures and revenues. After exhaustive scrutiny, and with the objective of effecting expenditure curtailments without impairment of essential services, we recommend a further reduction in the budget of approximately \$2,094,641, (to be computed exactly by the Controller's staff following adoption of the budget).

In addition, the Mayor submitted supplemental budget requests aggregating \$2,190,795. Of that amount, the Committee has declined to recommend inclusion of \$942,829. Thus, the total reduction recommended by the Committee is \$3,037,470, subject of course to certain other reductions in retirement allowances which will be computed by the Controller.

It appears inevitable that there will be an increase in the ad valorem tax rate, the precise amount of which cannot be ascertained at this time because of revenue and other adjustments anticipated prior to September when the tax rate will be fixed. The continued rise in the tax rate is extremely regrettable, but the expanded governmental services which our citizens expect and demand, and the accompanying inflationary economic trend, leave no alternative. Our most effective method of combatting the trend is firm insistence upon economy of operation in all our departments, and to that course your Finance Committee is and will be dedicated.

General Observations: We have referred to the essential services of government which we are bound to maintain. Substantial departmental requests have come to us for projects which appear to be "desirable," but which we cannot agree fall into the category of "essential" expenditures. A priority system for evaluation of capital expenditure and reconstruction and replacement items was employed by most departments, but no comprehensive system was adopted. Consequently, the priorities assigned were lacking in uniformity and, while permitting comparison of needs within a particular department, did not give a clear indication of comparative need insofar as the City government as a whole is concerned.

As a result, Committee treatment of such items may appear in isolated instances to be inconsistent. Actually, it was not, having been predicated essentially upon urgency of need. It is the Committee's intention to sponsor an ordinance in the near future which will set up a method for assignment of priorities on a City-wide basis for future budget consideration. Such control will aid the Committee and the Board immeasurably in their deliberations, but more than that will give the people assurance that only items of rela-

tive and demonstrable urgency have been included in the annual budget.

The Committee wishes to emphasize, as it has been called upon to do almost every year, that the area of budgeted expenditures within which the Board of Supervisors may exercise any control or discretion is a relatively limited one. Many of the items included in the budget, and they make up by far the dollar bulk of it, are of a mandatory nature. As to them, the Board can only respect the dictates of the voters who have made known at the polls their wishes concerning municipal affairs. That is our democratic process, the finest in the world, and with that as a basic premise it is clear that the Board works within a restricted sphere.

It might be of interest to cite as an example of the budget items over which, among others, the Board has no control, the following:

Board of Education budget (\$52,890,483); salary requirements for all employees, including increments made mandatory by the voters' approval of Charter salary standardization methods applicable to miscellaneous employees, firemen, policemen, groups and crafts governed by collective bargaining agreements, platform employees and coach and bus operators (\$134,536,038); retirement contributions (\$18,666,672); Health Service System contributions (\$832,415); Social Security contributions (\$834,837); cost of constructing, maintaining and improving libraries (\$566,582); parks and squares (\$1,391,454); playgrounds (\$974,017); Art Commission, for a symphony orchestra (\$69,573); streets, sewers and buildings (\$7,190,388); elections (\$443,744); civil service (\$69,573); San Francisco Bay Area Air Pollution Control District (\$130,745); Joint Highway District No. 9 (\$132,000); bond interest and redemption (\$28,494,032).

If we recognize the fact that the Board has no control over these items and others, we see that there is a relatively minor portion of the total budget over which the Board may exert any control, consisting mainly of items for contractual services, personal services, equipment, materials and supplies and capital expenditures.

Specific Items: Since a few of the items which appear in the budget before you have attracted more than average public interest as reflected in correspondence, press reports, personal contacts, and otherwise, I should like to refer to them specifically and briefly, for your information:

New Employments: Department heads requested a total of 749 new employments. The Mayor reduced that number to 154. The Finance Committee recommends that the Board allow 131. Of the latter number, 24 will be assigned to the Department of Public Health and 26 to the Police Department. Since the personal service total is the largest single factor in the budget, exceedingly careful review was accorded each request for a new position. Favorable Committee action was accorded only to those which were justified by urgent public need.

The Committee perpetuated the policy inaugurated in the past year with respect to replacement of Police Department uniformed personnel by clerical employees for the rendition of purely clerical services. The 10 new clerical employees will release for full-time police duties 15 uniformed men, according to Chief Cahill.

The Mayor approved 25 new patrolmen positions. Of that number, Chief Cahill informed us that 3 would be assigned to the Accident Investigation Bureau, 6 to the Communications Bureau, 5 to solo motorcycle duty, and 11 to various district stations. Together with the 15 men who will be released for full-time police duties when replaced by the 10 clerical employees included in this budget, plus the 5 motorcycle officers made available by State Highway Department patrol of freeways, the total new force requested was 45.

The Committee is of the opinion that the addition of 36 is substantial and fully justifiable. It is not felt warranted to reduce the number of men to be assigned to patrol duties and therefore the requests for 11 destined for district stations and the 5 for solo motor-cycles have been left intact. On the other hand, augmentation of the Accident Investigation and Communications Bureaus can await a more propitious time in the light of overall Police Department and City-wide budget requirements.

An increase in the complement of the Department of Public Health has been recommended numbering 24. The need therefor is an urgent one, as represented by all charged with the operation of the Department, from the Chief Administrative Officer on down. If the voters approve of the new position of Assistant Director of Public Health for Hospital Services, it is to be fervently hoped that the administrative problems of the department will be resolved satisfactorily before the next succeeding fiscal budget comes to us.

Art Commission: The budget requests of the Art Commission include an item of \$250,000 for "enhancement of Civic Center Plaza." Your Committee is informed that the requested sum would be used to promote an international competition for works of art which would be located in the Plaza.

Your Committee is further informed that the funds presently available for restoration of the Plaza will fall short of the necessary amount by some \$216,690. In view of that somewhat distressing development, and in consideration of the many other items of urgent public need at the present time, your Committee has recommended that the \$250,000 be deleted from the budget and that the entire matter of Civic Center Plaza restoration and ultimate embellishment be made the subject of further intensive study by all of the technical, professional, administrative, executive and legislative authorities concerned.

In line with that mode of procedure, the Committee has recommended approval of a supplemental budget item of \$5,000 "for the services of a professional advisor for the proposed Competition for the enhancement of the Civic Center Plaza works of art."

Library Commission: The Finance Commission has maintained its interest in and its observance of the comprehensive recommendations for improvements made last year by Mr. Emerson Greenaway, expert library consultant. At the same time, the members of the Committee are well aware of the widely-publicized administrative difficulties which have confronted the Library Department. However, where incontrovertible need has been shown, new employments have been recommended, and improvements have been given favorable consideration.

In particular, your Committee took emphatic interest in and action upon the Department's request for more books. It is axiomatic that the primary purpose of a public library is to make books available to the public, and that without sufficient books it cannot serve its purpose. Therefore, your Committee took issue with the Mayor's recommendation that the requested appropriation for new books be reduced from \$260,000 to \$225,000, and urges that the Board approve the full amount of \$260,000.

The Library Department included new items for land purchases involved in the construction of the new Bayview Branch Library and the new Excelsior Branch Library. However, a great deal of public attention has been focused recently on demands for construction of a branch library in Scott Street on land of the Hamilton Playground.

The Library Commission, through its President and Acting City Librarian, in a comprehensive letter has given us the benefit of its

considered decision with respect to priorities. It cites the Branch Library Location Plan prepared by the City Planning Department in 1953 and reviewed and revised in 1959 after issuance of the Greenaway report. The conclusions of the Library Commission can be best expressed by quoting from its letter of April 28, 1960, addressed to Supervisor Ferdon:

"The Recreation and Park Commission was asked by the Library Commission to make sufficient ground available in the location named for a branch library site (the west end of Hamilton Square and Playground). The Recreation and Park Commission agreed to this proposal. It is now a question of how soon the branch can and should be built.

"The priority ratings for these new branch extensions have been based since 1953 on the Branch Library Location Plan. Priorities are reviewed each year in connection with the submission of the Capital Improvement Program. The present ranking for new branch construction is: (1) Bayview; (2) Excelsior; and (3) Western Addition.

"Because of the increasing cost of land and the other factors mentioned the Library Commission feels that it would be a mistake to postpone the Bayview and Excelsior projects.

"The Library Commission established the Western Addition project as No. 3 priority because the basic redevelopment of that area has not yet started. In addition, there is every bit as much public demand for the branch libraries in the Excelsior and Bayview Districts as there is for one in the Western Addition."

The Finance Committee approved, with slight modification, the items submitted by the Library Commission for the Bayview and Excelsior projects.

Police Commission: In addition to the personnel mentioned above, the Police Department budget contained an item of particular interest in its request for \$118,200 with which to acquire land for a new Central Police Station, to replace that now located in the old Hall of Justice. The new station is to be located on Vallejo Street, east of Powell Street, and will include parking facilities.

The Committee gave serious consideration to informed reports which indicate that a sharp reduction in the total of police stations will produce reasonable economies and that at the same time services to the public will not be curtailed but rather will be improved. Also, the Committee is impressed with representations of various North Beach organizations and individuals to the effect that the site chosen is not ideally suited to the purpose or the district and will constitute an unwarranted imposition upon the activities and people of the surrounding area. In the light of such information, and the apparent need for a comprehensive survey and report on police station needs in San Francisco, the Committee has withheld its approval of this item, and has asked the Police Commission to investigate the possibility of removing the Central Police Station to the New Hall of Justice, at least until a final determination of the overall needs of the Department can be made. Chief Cahill has submitted comprehensive comments supporting retention of the existing nine stations, and the entire matter will be fully explored.

Disaster Corps: For some time the members of the Finance Committee, along with countless other citizens, have entertained questions as to the current efficacy of an agency established at a time when nuclear weapons had not attained their present advanced stage of development. There is a growing sentiment that perhaps the existing organization is not geared to today's or tomorrow's conditions, and that its perpetuation represents a needless drain on the public treasury.

It must be acknowledged, and we do so freely and gratefully, that the Disaster Corps has served a good purpose and has made effective contributions to its field. However, a complete review of its organization and functions would appear warranted at this time and the Finance Committee has scheduled its first hearing on the matter to be held on May 11th.

Possibly a reassignment of duties and responsibilities to appropriate administrative departments such as Fire, Police, Public Works, Public Utilities, Public Health and others would be the right answer. We will make a determined attempt to get it for you.

In the meantime, we recommend that two presently vacant positions in the Disaster Corps office be abolished, and that other positions be reviewed as vacancies occur in the future.

Chief Administrative Officer: The Committee, along with the rest of the Board, has been aware for some time of the need for the City to acquire the State Compensation Insurance Fund Building at 450 McAllister Street in order to provide space for various offices now in scattered locations. The necessity is obvious, the purchase price appears reasonable, and your Committee recommends that the item in the budget of the Chief Administrative Officer in the amount of \$650,000 for this purchase be approved. That figure may be adjusted downward in the near future, dependent upon negotiations being conducted by the Director of Property.

Public Works—General Office: In the budget for this office is an item which was deleted from last year's estimates but which returns to us with the recommendation of the Mayor. I refer to the requested amount of \$260,000 for the installation of 3 new automatic elevators in the southeast shaft of the City Hall. This represents one-third of a three-phase program. The majority of your Committee is of the opinion that there is no present need for the project, and therefore the Committee recommends that it be deleted from the budget before you.

San Francisco Airport: Your Committee listened most attentively to the arguments advanced by representatives of the Public Utilities Commission in support of a budget request of \$1,000,000 with which to extend Runway 10R-28L; it could then serve as a parallel alternate for a runway used in jet operations. The total cost would be \$3,250,000, and in addition to the \$1,000,000 of airport operating funds hereby requested, additional funds would be forthcoming from the 1956 Airport Bond Fund plus Federal Airport Aid subventions. Your Committee felt that the points argued in favor of the project were persuasive. The Committee took incidental note of the projected summary of airport expenditures for the next five years, which indicates there will be no deficit operations in the absence of further large appropriations not now foreseeable.

Redevelopment: Included in the supplemental budget is an item in the estimates of the Recreation and Park Department for \$653,000, land purchase, Ferry Park. It represents the first of three annual payments by the City and County for a public park which has been accorded widespread support as a necessary adjunct to the Golden Gateway Project. The Committee questioned the existence of firm assurance that the Federal Government would participate, to the extent of \$1,213,000 in paying the costs of the project which will total \$3,172,000.

However, in a letter to the Redevelopment Agency under date of May 2, 1960, the Acting Regional Administrator of the Federal Housing and Home Finance Agency wrote: "Please inform the Finance Committee of the Board of Supervisors that the City has 'definite assurance that the Federal Government will put up the requisite funds' because of" reasons which he has recited. The Committee has recommended approval of the amount requested.

Sources of Revenue: Current economic conditions indicate that a judicious search for new or expanded sources of local revenue is warranted. While your Committee is extremely reluctant to add in any form to the burden already imposed upon the taxpayer, it believes that it and the Board should consider on appropriate occasions any equitable devices offered to relieve or shift the burden.

It is the intention of your Committee during the next few months, prior to August if possible and certainly before the submission of the next succeeding budget, to review and present for the Board's consideration ordinances which will adjust various City and County fees to levels more in line with present-day costs. If enacted, they will assure reasonable compensation of the City and County for inspection and regulatory services rendered, and thereby augment the present source of income from other than the ad valorem taxpayer.

Acknowledgments: The members of the Finance Committee commend and thank the Controller and the Clerk of the Board for their assistance. Grateful acknowledgment is also made of the services rendered by the staffs of the Controller, Civil Service Commission and Clerk's Office.

Motion.

The motion already before you on the calendar is that the budget be adopted, as amended in accordance with the recommendations of the Finance Committee. However, in order that all the members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has brought the budget back to the Board a week before adoption is required. The Charter provides that the Board shall adopt the budget not earlier than the 15th day of May. Because of deadlines which must be met for the preparation and printing of the Annual Appropriation Ordinance and the Annual Salary Ordinance, the budget must be adopted this year on Monday, May 16th.

Therefore, on May 16th, I will move that the budget, as amended by the Board, be adopted. Request Granted.

Installation of Traffic Control Tower at Candlestick Park; and Utilization of Police Officers to Alleviate Traffic Congestion Thereat.

Supervisor Ferdon called the Board's attention to the fact that previously, on the representation of the various department heads, they had appropriated money on an emergency basis for the construction of certain necessary items required to complete Candlestick Park by the opening of the baseball season. One of the items was a Traffic Control Tower which was essential to alleviate any traffic congestion at the Park, but to date this item had not been constructed.

Supervisor Ferdon requested that, in view of the fact this item was purported to have been an emergency, the Clerk direct a communication to the Controller asking that he advise this Board as to when the Traffic Control Tower would be constructed at Candlestick Park.

No objection and *Clerk directed to comply.*

Supervisor Ferdon also requested that the Clerk direct a communication to the Chief of Police asking that he take such action as may be necessary, pending the erection of the Traffic Control Tower, to alleviate the traffic congestion at Candlestick Park through the use of police officers.

No objection and *Clerk directed to comply.*

Mr. Reuben Owens, Director of Public Works, informed the Board that much design work was required on the Traffic Control Tower, and the Department had been unable to secure approval of the Art Commission on the previous designs, but he now believed the approval of the Art Commission would be forthcoming and the work could be put out for bid.

Fixing Date of Tuesday, May 31, 1960, 2:00 P. M., for Hearing the Appeal from the Decision of the City Planning Commission by Its Resolution No. 5241, Dated April 13, 1960, Approving Application to Rezone Certain Property Located on Alemany Boulevard South of Geneva Avenue, from First Residential District to Commercial District.

File No. 361-60-1, Resolution No.

(The City Engineer reported to the Board under date of May 17th that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty per cent of the area. (13.17 per cent.))

The Chair inquired if the appellants were in attendance and desired to submit information to the Board showing that the determination of the City Engineer was incorrect. There was no response.

The Chair thereupon explained that since the appeal did not contain a sufficiency of signatures the Board could not adopt the resolution fixing the date for hearing, and the parliamentary procedure would be for a Supervisor to make a motion to adopt the resolution, and then vote it down.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted

Report on Emergency Work to Ready Candlestick Park for the Opening of the 1960 Baseball Season; and Validity of Payment for Work Performed After April 12, 1960.

Supervisor Blake called the Board's attention to the fact that the Board of Supervisors, relying on the representation of various City officials, had declared that an emergency existed which required certain work to be completed prior to April 12, 1960, so that Candlestick Park would be ready for the opening game of the 1960 baseball season. Supervisor Blake contended that in his opinion the legislation was ineffective after the April 12th date, and contracts which were entered into after that date, for the performance of the emergency work were void.

Supervisor Blake requested that the Clerk direct a communication to the Controller, asking that he submit information as to his authority to authorize payment for work which was performed after April 12th; and also request the Director of Public Works to submit a breakdown showing the percentage of the work which was completed by April 12th; the work which was continued until after April 12th; and the work which went out for bid after April 12th.

No objection and *Clerk directed to comply.*

Supervisor Halley directed that the Clerk place the subject matter on the calendar for the meeting of the Finance Committee Wednesday, May 25th.

Request Granted.

Report on Estimated Amount of Taxes Which Would Be Received from Fort Funston Property If Disposed of to Private Developers.

Hearing Held.

SPECIAL ORDER—2:00 P. M.

Hearing of Protests—Improvement of Jamestown Avenue Between Ingalls Avenue and Gilroy Streets Including Intersections of Jamestown Avenue at Redondo, Hawes, Coronado and Griffith Streets.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the assessment, diagram or warrant for pay of the cost of the same, or in any property affected thereby: Improvement of Jamestown Avenue between Ingalls Avenue and Gilroy Streets including intersections of Jamestown Avenue at Redondo, Hawes, Coronado and Griffith Streets, by Chas. L. Harney, Inc., as described in Declaration of Intention, Order No. 53837 of March 18, 1959, of the Department of Public Works.

File No. 107-58-12

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

The following persons, or their representatives, appeared and protested against assessments for the subject street improvement:

Mrs. Viola Motta, 968 Jamestown Avenue (represented by her uncle);

Mrs. Myrtle Clendaniel, 926 Jamestown Avenue;

Mr. John Gerkrich, 810 Jamestown Avenue;

Miss Luella Stewart, 874-8 Jamestown Avenue.

Statements were made by Mrs. Motta's representative and Mrs. Clendaniel that, in their opinion, this work is not an improvement of their property, because the street is being broken through constant usage by heavy trucks, which results in the annoyance of recurring street work being performed outside their homes.

Mr. Gerkrich stated that he is being assessed for a side sewer, even though there is none in front of his property.

Miss Stewart stated that changing the street grade has spoiled the appearance of her house, and the street is so high she will not be able to use it.

Mr. Lloyd Whaley, representing the Department of Public Works, responded to the objections as follows: With respect to the disintegration of the roadway, this was the result of urgency in having

the roadway laid prior to the opening of Candlestick Park, but since it has been accepted by the City any cost for future maintenance and repair will be borne by the City; with respect to Mr. Gerkrich's complaint, no assessment has been levied against his property except on items which benefited his property; with respect to the complaint of Miss Stewart, the property owners were informed of the proposed grades and slight variations therein were made at the request of the property owners.

The Chair inquired if there was anybody else who desired to speak on the subject. There being no response the Chair declared the hearing concluded.

Supervisor Blake, seconded by Supervisor J. Joseph Sullivan, moved that the protests be denied.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—9.

Absent: Supervisors Dobbs, McMahon—2.

Adopted.

Thereupon the following from Streets Committee was taken up:

Motion—Confirming Warrant, Assessment and Diagram for the Improvement of Jamestown Avenue Between Ingalls Avenue and Gilroy Streets Including Intersections of Jamestown Avenue at Redondo, Hawes, Coronado and Griffith Streets; and Directing the Director of Public Works to Deliver Said Warrant, Assessment and Diagram to the Contractor.

It is moved that the Warrant, Assessment and Diagram for the improvement of Jamestown Avenue between Ingalls Avenue and Gilroy Streets including intersections of Jamestown Avenue at Redondo, Hawes, Coronado and Griffith Streets, be and it is hereby confirmed; and the Director of Public Works be and he is hereby authorized and directed to deliver, or cause to be delivered, said Warrant, Assessment and Diagram to the Contractor.

File No. 416-60, Ordinance No. 315-60.

(Proposed amendment is as follows:

"Amend title to provide that legislation shall be enacted as an emergency measure; and add Section 2, as follows: 'Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates that this ordinance be made effective forthwith, the nature of the emergency being: The uninterrupted operation of the Department of Public Works, Bureau of Street Cleaning.'")

Explanation of Vote.

Supervisor Blake, in explaining his vote, commented that he felt the emergency ordinance provision of the Charter is being over-worked; that it is inexcusable for such a long period of time to elapse between preparation of an appropriation request in a Department and its receipt by the Board of Supervisors. He stated that he would vote against the measure if it were not for the fact that payment for services of employees was involved.

Supervisor Halley, seconded by Supervisor Ferdon, moved that the item of \$750, Services of Garageman, be reduced to \$597, and that the total amount of the appropriation be reduced from \$13,073 to \$12,920.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—9.

Absent: Supervisors Dobbs, McMahon—2.

Absent: Supervisors Dobbs, McMahon—2.

Passage for Second Reading as Amended.

The following recommendation of the Public Buildings, Lands and City Planning Committee was taken up:

Amending Section 2 of Ordinance No. 138-60 Relating to Requirement for Report of Residential Building Record Prior to Sale or Exchange of Residential Buildings, to Provide That Effective Date Shall Be ((October 1, 1960)) *December 1, 1960*.

File No. 824-59-1, Ordinance No.

Motion to Amend.

Supervisor James J. Sullivan, seconded by Supervisor Casey, moved that effective date be amended to read December 1, 1960, instead of October 1, 1960.

Supervisor James J. Sullivan explained that he voted for the amended date of October 1, 1960, at Committee meeting so that the measure could be brought to the floor of the Board. However, he feels that the date should be set as December 1, 1960, which is the date the Department of Public Works asked for in presenting the proposal.

Supervisor J. Joseph Sullivan requested that the amendment be voted down, as he believes the Department can put the ordinance into effect on October 1, 1960.

Mr. Robert Levy, Chief of the Bureau of Building Inspection, stated that while the Department would do the best it could to make the ordinance operative by October 1, it would prefer the December 1 date which it is felt could more readily be met.

Motion to amend carried by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, Rolph, James J. Sullivan—6.

Noes: Supervisors Ferdon, J. Joseph Sullivan, Zirpoli—3.

Absent: Supervisors Dobbs, McMahon—2.

No objection and request *granted*.

Supervisor James J. Sullivan remarked that he withdrew his motion.

There being no further objection the privilege of the floor was granted Mr. Jack Dooling, who stated that, in his opinion, the legislation was discriminatory and arbitrary because no consideration was given to the enactment of such a prohibition until after an application for a permit to erect a billboard had been submitted by the owner of one of the parcels of property affected.

Supervisor Zirpoli in explaining his vote said that previously he had raised the question as to the right of the City itself to indulge in advertising and at the same time ban advertising in the entire area, but now he believed it would be in the best interests to protect the area and therefore he was going to vote for the legislation.

The following recommendation of County, State and National Affairs Committee was taken up:

Motion—That the Board of Supervisors Does Hereby Grant Permission, Subject to Any Requirements Which May Be Imposed by the Chief Administrative Officer, to the Argonaut Broadcasting Company to Record Occasionally the Proceedings of Said Board of Supervisors for Use on the Air; and That the Clerk of the Board Be and He Is Hereby Directed to Communicate With Mr. Ed. Salzman, Managing Editor, Notifying Him of the Board's Decision.

File No. 463-60

Supervisor Dobbs stated he was opposed to the proposition because of the fact that when permission previously had been granted to rebroadcast the Board meetings they were more lengthy than normally; also information of the Board's transactions are made available to the public through the medium of the press and the Journal of Proceedings of the Board of Supervisors.

Supervisor Ferdon remarked it was his opinion that if the meetings were to be broadcast the public would be given knowledge of the manner in which the Board operated, and inasmuch as most people do not find it convenient to attend the Board meetings this manner of disseminating the decisions of the Board would be a public service. Supervisor Ferdon pointed out that meetings of Congressional Sub-Committees were televised and he believed that some of the sessions of Congress were also televised.

Supervisor Zirpoli explained he was opposed to the adoption of the motion because it was his thinking that the meetings would be unduly prolonged, and from the point of view of the listening public it would be difficult to understand that when items are brought up it usually results in the same "roll call" because most of the work is done in the committee meetings.

Supervisor Rolph stated that since this is a public body proceeding on public matters of which the public should be fully informed, he was of the opinion that permission should be granted to broadcast the meetings. Supervisor Rolph further remarked that such broadcasting of the meetings would complement the newspaper reports of the meetings and it would permit the public to hear all of the argument on a particular subject.

Refused adoption by the following vote:

Ayes: Supervisors Casey, Ertola, Ferdon, Halley, Rolph—5.

Noes: Supervisors Dobbs, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—5.

Absent: Supervisor Blake—1.

(Supervisor Halley dissenting.)

Appropriating ((\$306,802)) \$240,000, Recreation and Park, to Provide Additional Funds for the Completion of the McLaren Park Golf Course.

File No. 348-60, Ordinance No. . . .

Supervisor Halley stated he had received information from the Clerk of the Board, which had been submitted by the Supervising Engineer of the Recreation and Park Department, to the effect that Contract No. 321 includes \$233,000 estimated construction costs, the balance of the \$306,802 going to make up the deficit in the club house construction account, modifications, incidental charges, and other unforeseen charges which are usual in construction contracts of this kind.

Supervisor Halley continued that while he had dissented from the Committee recommendation for the appropriation which included

funds providing for the immediate construction of the club house, he would support an appropriation of \$233,000 for the construction of the golf course, plus \$7,000 for contingencies.

Supervisor Halley, seconded by Supervisors Ferdon and Zirpoli, moved that the legislation be amended by reducing the amount of \$306,802 to \$240,000.

Supervisor Ferdon remarked that the Finance Committee has seen the plans and specifications for the construction of the golf course, but nothing has been presented in connection with the club house and therefore it was his opinion that work should be initiated on the golf course, and after the plans and specifications are completed for the club house they can be presented to the Finance Committee with a request for additional funds necessary to construct the club house.

In response to inquiry by Supervisor Rolph, Mr. Raymond Kimbell, General Manager, Recreation and Park Department, advised that preliminary plans for the club house have been approved and the final plans should be ready some time during the month of August. He said he could see no reason why the work on the golf course and the club house should not be done simultaneously.

Supervisor Rolph, in explaining his vote, stated that he was impressed by the necessity of having the golf course and the club house constructed at the same time, and he would not like to see any separation of the funds; therefore he was going to vote against the amendment.

Supervisor James J. Sullivan, in explaining his vote, reiterated the statements of Supervisor Rolph, and said he was going to vote against the amendment.

Supervisor Zirpoli argued that the Finance Committee had been informed that the final plans and specifications for the club house would not be ready until some time in August, and if the Board should appropriate funds therefor at this time, then it would be appropriating monies without any information as to the nature of the club house which would be constructed.

Supervisor Dobbs stated that the Board had previously been given positive assurance by the Recreation and Park Department as to the cost for the completion of the golf course; we were promised a complete nine hole golf course for \$250,000 and we are not going to get it for that amount. When the original appropriation was before the Board the legislation was amended to provide for the construction of the golf course for \$250,000, and written notice of that stipulation was given to the Recreation and Park Commission and is part of its file.

Supervisor Dobbs continued that the Finance Committee was deceived by the representative of the Recreation and Park Commission, who represented that the entire course would be constructed for \$250,000, and that no money would have been appropriated except upon the representation of the representative of the Recreation and Park Commission that the project would be completed within the original amount appropriated.

Supervisor Dobbs continued that in his opinion it was the duty of the Recreation and Park Commission to have come to the Board and informed it that the amount of money which had been appropriated (\$250,000) was not sufficient to do the work before it proceeded to spend that sum with the knowledge that additional funds would be needed.

Thereupon the roll was called on the motion to amend and it was *carried* by the following vote:

Ayes: Supervisor Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, J. Joseph Sullivan, Zirpoli—9.

Noes: Supervisors Rolph, James J. Sullivan—2.

Supervisor Blake requested that the Clerk direct a communication to the Recreation and Park Commission asking that they submit a report on the status of the McLaren Park project, including information as to the amount of monies expended for recreation facilities and purchase of land; an estimate of the amount of funds required to complete the project as originally planned; and a copy of the complete plan prepared some time ago by an architectural team.

No objection and request *granted*.

Passed for second reading as amended, and reading as printed above, by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—11.

Authorizing Civil Service Commission to Make Expenditures for a Salary Survey from Funds Appropriated Therefor, Pursuant to Section 151 of the Charter.

File No. 500-60, Resolution No.

Supervisor Halley explained it was the thinking of the Finance Committee that since a salary standardization survey had been held each year since the approval of the Charter Amendment, it was not necessary to refer the request to the Civil Service Commission for its report and recommendation.

Supervisor Dobbs stated it was his opinion that before the Board authorized the conduct of the salary standardization survey the Civil Service Commission should report on whether or not economic conditions had changed to such an extent as to necessitate the conduct of another salary standardization survey, and requested that the Clerk direct a communication to the Civil Service Commission asking them to submit a report on the matter.

No objection and *Clerk directed to comply.*

Supervisor Dobbs, seconded by Supervisor Halley, moved that consideration of the legislation be continued for a period of one week pending receipt of the information from the Civil Service Commission.

Supervisor Ferdon called the Board's attention to the fact that the Rules of the Board provided that all matters relating to standardization of salaries were within the jurisdiction of the Judiciary Committee and requested that the Rules Committee give consideration to either referring all salary standardization measures to the Judiciary Committee, or to amend the rules to provide otherwise.

Referred to Rules Committee.

Supervisor Rolph requested that the Clerk direct a communication to the Civil Service Commission asking that they investigate the procedures followed by the State and Federal Governments in fixing salaries for their employees, and to give consideration to a charter amendment incorporating the best features of said procedures.

SPECIAL ORDER—2:00 P. M.

Hearing of All Persons Interested in or Objecting to the Proposed Vacation of Portions of Mendosa Avenue.

File No. 607-59

Communication.

The Clerk presented a communication from the Director of Public Works, advising that the City Engineer was preparing the necessary plans and specifications for the improvement of Tenth Avenue from Quintara Street to Mendosa Avenue and, upon the vacation of Mendosa Avenue, would institute public proceedings for the improvement of Tenth Avenue.

Ordered filed.

Privilege of the Floor.

The Chair inquired if there was anybody in attendance who desired to speak on the matter.

Miss Alma M. Meyers, an interested property owner, protested the proposed vacation because the grade of the new street would be too

steep, and recommended that private property be acquired to permit the construction of a winding roadway so as to provide safer means of ingress and egress.

Mr. Clayton Sherman protested the vacation because of the inability of the Fire Department to get its equipment into the area in case of a conflagration.

Mr. Willard Johnston, President of the Forest Hill Association, in response to inquiry by Supervisor James J. Sullivan, advised that his association had previously protested the vacation because there was not adequate means of ingress and egress, but in view of the proposed improvement of Tenth Avenue he was not objecting to the calendar matter.

In response to inquiry by Supervisor James J. Sullivan, Chief Hayes of the Fire Department remarked he did not believe there was sufficient access for fire fighting equipment to get into the area.

The Chair inquired if there was anybody else in attendance who desired to speak on the matter. There being no response the Chair declared the hearing concluded.

Request Granted.**Consideration of Financial Obligation to Be Assumed by the City and County of San Francisco Upon Approval of Proposal for Construction of the San Francisco Bay Area Rapid Transit District; Declaration of Policy in Connection Therewith.**

Supervisor Halley remarked that, in accordance with his request, the Controller had prepared information relative to the bonded indebtedness of the City and County of San Francisco which pointed out how close the City was to its maximum bonding capacity.

Supervisor Halley stated he had requested Mr. Blanchard, Deputy City Attorney, to analyze the San Francisco Bay Area Rapid Transit District bill for the purpose of presenting to the Board a concise report as to the power of the Rapid Transit District to issue bonds which would be outside of the bonded limit, and he reported that the entire amount of the bonded indebtedness for all the counties of the District could be charged to San Francisco, because in the event one county should default then the rest of the counties would be liable for the debt. In addition to the tax for bond interest and redemption, there was also a levy for administration and, in addition, the District had the authority to levy a tax for any deficit incurred in the operation of the District.

Supervisor Halley also pointed out that the authority for the issuance of the bonds could be granted by a two-thirds vote of the entire district, and not by two-thirds vote of each county; and once the bonds were approved there would be no duty on the part of the Commission to report to the Board of Supervisors.

Supervisor Halley continued that there was an avenue of remedy and he believed consideration should be given to the proposal of submitting a declaration of policy to the electors at the November election to ascertain whether or not they were in favor of approving such a tax burden.

Supervisor Halley thereupon requested that the Clerk place the subject matter on the Finance Committee's calendar for Wednesday, August 3, 1960.

No objection and *Clerk directed to comply.*

Supervisor Ferdon remarked it was his feeling that it was the responsibility of the Board of Supervisors to determine what action should be taken in the matter, and the people should not be asked to express themselves on a matter which their elected representatives should be expected to resolve.

Supervisor Rolph remarked that he believed it would be presumptuous for the Board to interfere without hearing from San Francisco's representatives on the Commission, and requested that an invitation be extended to them to attend any hearings on the matter.

No objection and *Clerk directed to comply.*

Supervisor J. Joseph Sullivan stated it was his opinion that the Board should not take any action on the rapid transit program until such time as the entire plan was presented to the Board for approval.

Adopted.

Supervisor James J. Sullivan, Seconded by Supervisor Blake, Moved That a Letter of Sympathy Be Sent to the Family of the Late Albert Carpy.

File No. 2-60

Adopted by a rising vote as follows:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—11.

ADJOURNMENT.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Reference to Committee.

Supervisor Ertola presented:

File No. 586-60, Ordinance No. . . .

Referred to Public Health and Welfare Committee.

Request Granted.

Deletion of Proposed Underground Garage from Plans for the Construction of the San Francisco Maritime Museum.

Supervisor Ferdon remarked that he was in receipt of a communication from the Mayor transmitting a memorandum report from the Fisherman's Wharf-Aquatic Park-Maritime Museum Development Committee recommending that the proposal for the con-

struction of an underground garage be deleted from the Project, and the Mayor was requesting expeditious action on the recommendation.

Supervisor Ferdon continued that while he did not believe there was any necessity for the Board to concur in the recommendation of the Committee, but just so there would not be any difficulty in the matter, he was requesting that the Board send a letter, in response to the Mayor's request, to the State Division of Beaches and Parks, incorporating the memorandum report, advising that the Board of Supervisors is satisfied with the recommendation it has received. Supervisor Ferdon further requested that a copy of the communication be forwarded to his Honor, the Mayor.

Supervisor Halley remarked he would like to point out it is anticipated that 1,000,000 visitors per year will visit Project X, and with this number of people it is imperative that the services necessary to make the Project usable be provided, because if a public agency creates a parking problem, in direct relation to the amount of use required to serve that facility, parking facilities should be provided.

Supervisor Halley continued that a parking problem would be created as soon as the construction of the Project is initiated because even now the property is being used for parking by people coming into the area. Supervisor Halley also expressed the fear that, after the Project was completed and the necessity for the parking facility became a reality, efforts would be made to have the City acquire private property to provide the required parking facilities.

Supervisor Halley concluded that while he was opposed to the deletion of the parking facility from the plans for Project X, he would not object to the communication being forwarded to the State Division of Beaches and Parks.

The Chair thereupon directed the Clerk to comply.

Approval of Journal.

There being no objection, the Journal of Proceedings for the meeting of Monday, August 8, 1960, was considered read and approved.

Communications.

The Clerk presented a communication from his Honor, the Mayor, suggesting certain amendments to the proposed charter amendment providing for succession to the office of Mayor, and requesting rescission of the Board's action whereby said charter amendment was heretofore "ordered submitted," for the purpose of incorporating the suggested amendments therein.

Supervisor J. Joseph Sullivan, seconded by Supervisor McMahon, moved that the Board rescind its action whereby the proposed charter amendment was "ordered submitted."

Supervisor Ferdon remarked he was opposed to the motion on the grounds that the members of the Board are the elected officials and it should be up to the people to decide by voting on the proposed charter amendment; also the matter has been considered very carefully by the Judiciary Committee and there should be no change in the form in which the charter amendment was recommended to the Board.

Supervisor J. Joseph Sullivan explained that last week he was prepared to vote against submission, also the Mayor's letter today

has assigned certain reasons for a change, and out of courtesy to him the Board should rescind its action and re-refer the charter amendment to committee for further study.

Supervisor Halley said he was opposed to any rescission because the charter provides that upon the demise or removal of the Mayor the Board of Supervisors is empowered to elect a person to fill the vacancy, and the proposed charter amendment does not delete that provision of the law; also, the representation of the Judiciary Committee had convinced him that the action the Board took was proper.

Supervisor Zirpoli said the reason he voted for the charter amendment was that the responsibility of electing a Mayor vests in the people, and it was his personal belief that in times of disaster the members of the Board were competent to administer the office of Mayor. Supervisor Zirpoli concluded that he was going to vote against the motion because he was unable to find any reasons which convince him that the Board should rescind its action.

Thereupon the roll was called and the motion to rescind was defeated by the following vote:

Ayes: Supervisors McMahon, J. Joseph Sullivan—2.

Noes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, James J. Sullivan, Zirpoli—7.

Absent: Supervisors Casey, Rolph—2.

TAKEN UP OUT OF ORDER.

Passage for Second Reading.

There being no objection, on motion of Supervisor Halley, seconded by Supervisors Ferdon and Zirpoli, the following recommendations of Finance Committee, under New Business, were taken up out of order.

Prior to consideration of the legislation, Supervisor Zirpoli announced that he had received a communication from the President of the Board of Permit Appeals expressing concern as to whether or not there would be a delegation of some of the powers of the Board of Permit Appeals if the legislation should be passed, but since that time the objection had been withdrawn.

Supervisor Zirpoli thereupon requested Mr. Blanchard, Deputy City Attorney, to inform the Board if by enacting the legislation the Board would be delegating some of the powers of the Board of Permit Appeals.

Mr. Blanchard advised the Board that he had reviewed the language originally objected to by the Board of Permit Appeals and he had assured its President, Mr. West, that it could not be so construed because if under the law there is any right of appeal to the Board of Permit Appeals it could not be taken away, inasmuch as an ordinance cannot supersede the authority of the Charter, so in his opinion it would not affect the authority of the Board of Permit Appeals.

(Supervisor Casey dissenting)

Charter Amendment—Amending Section 43 Relating to the Library Department, to Provide for the Appointment of an Assistant City Librarian Who Shall Hold Office at the Pleasure of the Library Commission.

File No. 513-60

Supervisor Casey in explaining his dissent stated that he was impressed by the representation of the Civil Service Commission in its opposition to the proposed charter amendment, and also by the fact that all employee organizations were of the belief that the position should be filled by a civil service examination.

Supervisor Ferdon remarked it was his feeling that the position should be filled by a top flight merit system officer, a civil service employee who could lend continuity in the event the City Librarian should be removed from his position. If the position was to be appointive by the Library Commission it might happen that in the future an incoming Commission would replace both the City Librarian and the Assistant City Librarian to the detriment of the effective operation of the Department.

Supervisor Dobbs said that the creation of this position was recommended by the Greenaway report on the Public Library, and while there was no limitation on the Library Commission with respect to removing either the City Librarian or Assistant City Librarian, or both, the history of the department does not so indicate, and he believed the matter should be submitted to the people for their consideration.

Supervisor Zirpoli explained that it appears that the basic responsibility of the City Librarian and Assistant City Librarian is more than that of performing administrative duties, they have the duty of interpreting and putting into effect the policy of the Library Commission and, therefore, he did not believe it would be in derogation of the civil service provisions of the Charter to permit the Library Commission to appoint the people to carry out policy. Supervisor Zirpoli continued that he believed this was a matter as to the degree to which we shall permit the Commission to appoint the individuals who will have the duty of carrying out the policy as approved by the Library Commission.

Supervisor Rolph stated that the Charter amendment had been submitted by the Library Commission who are charged with the responsibility of adopting policy for the Library Department and, therefore, in his opinion, it was incumbent upon the Board to submit the Charter amendment to the people for their approval or disapproval.

Ordered Submitted by the following vote:

Ayes: Supervisors Blake, Dobbs, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—7.

Noes: Supervisors Casey, Ertola, Ferdon—3.

Passage for Second Reading.

There being no objection, on motion of Supervisor James J. Sullivan, seconded by Supervisor Casey, the following recommendation of Police Committee appearing under "New Business" was taken up out of order:

(Supervisor Dobbs dissenting.)

Authorizing Establishment of Crosswalk on St. Thomas More Way Directly in Front of St. Thomas More School.

File No. 40-60, Ordinance No.

Supervisor Dobbs in explaining his dissent stated he believed that by permitting the establishment of the crosswalk the Board would be creating a dangerous condition even though there might be some benefit to the school, because it was his opinion that the motorists would not be anticipating a crosswalk in the middle of the block. Also, this area would be developed in the future and there is a possibility that the traffic on the street would be increased.

Supervisor Casey remarked that the street could never become a business street because it was all church property. The Committee had been informed that unless the crosswalk was established the school would not be able to permit its traffic boys to assist the children in crossing the street at this point.

Supervisor Ferdon called the Board's attention to the fact that there was a state statute which regulated the speed of vehicles while passing a school and motorists are placed on notice to be watching for children crossing the street. Supervisor Ferdon also pointed out the many instances in which the Board had permitted the establishment of crosswalks some, in his opinion, in much more dangerous locations than the one in question.

Supervisor Zirpoli remarked he was opposed to the construction of crosswalks because he was of the opinion they tend to increase traffic hazards rather than alleviate them, and, in the interest of safety the children should cross only at the intersections.

Supervisor Rolph explained he had investigated the area and he believed there would be an increase in traffic on the street and the matter should be continued until such time as the construction work in the area had been completed.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, McMahon, J. Joseph Sullivan, James J. Sullivan—7.

Noes: Supervisors Dobbs, Rolph, Zirpoli—3.

Statement by the Chair.

Before commencing the Board's consideration of the calendar item, may I, for the benefit of those in the audience, state briefly what we have before us. The matter on our calendar is a proposed resolution which, if adopted, would express San Francisco's endorsement of the California Water Plan as set forth in Senate Bill 1106. It would further urge that San Francisco voters support the bond issue relative to the California Water Plan which will appear on the ballot next November.

The proposed resolution on our calendar has been called out of County, State and National Affairs Committee by Supervisor Halley. In the absence of any amendment to it, the Board's consideration will be confined to that proposed resolution.

Board rules will prevent anyone other than a City and County official or his representative from addressing the Board in connection with this matter in the absence of unanimous consent of the members present. However, if there is a motion made and carried to the effect that the Board sit as a committee of the whole, then the Board will be allowed to hear from all interested in connection with the calendar matter or any proper amendment to it.

Now may I ask how the members of the Board wish to proceed with the Calendar item.

Motion to Sit as a Committee of the Whole.

Supervisor Halley, seconded by Supervisor Ferdon, moved that the Board of Supervisors resolve itself into a Committee of the Whole.

The Clerk presented a communication from the Controller advising that the Bank of America N.T.&S.A., Wells Fargo Bank American Trust Company, Security First National Bank, and Associates, had submitted the low bid on each bond issue.

Ordered filed.

The Chair stated that the recent amendment to the Charter relative to conflict of interest was in effect, and any interest in the firm of the successful bidder must be noted in the record, and the person owning such interest must refrain from voting.

Dion R. Holm, City Attorney, in response to inquiry by Supervisor Ferdon, advised the Board that a creditor-debtor relationship could not be considered a conflict of interest, and that under the new amendment more flexibility is allowed.

Supervisor Zirpoli announced that he had an interest in the Bank of America, and inquired whether or not, since he had made such disclosure, he would have to refrain from voting.

Thomas Blanchard, Deputy City Attorney, stated that the Charter provides that if you have less than 5% that is a remote interest and you should comply with the provisions of the Charter and refrain from voting.

Supervisor Zirpoli thereupon requested permission to be excused from voting.

No objection and request *granted*.

Supervisor Ertola announced that he too owned some stock in the Bank of America and requested to be excused from voting.

No objection and request *granted*.

Consideration Temporarily Postponed.

The following recommendation of Joint Finance and Public Utilities Committee, heretofore considered, was taken up:

Appropriating \$790,000, Water Department, for Purchase of Real Property, and Engineering Costs and Architectural Services, in Connection With Construction of Water Department Corporation Yard.

File No. 580-60, Ordinance No.

Supervisor Ferdon remarked that the Committee had made a thorough investigation of the matter, considered all possible alternatives, including rehabilitation of existing facilities, the consolidation of all Water Department operations within one centralized facility, and the disposal of the existing building at 425 Mason Street, but had come to the conclusion that the only solution was the construction of the new corporation yard.

Supervisor Blake stated he was opposed to the appropriation because it was his opinion that other alternatives were available such as using space under the freeway, and also consideration should be given to the construction of the corporation yard as closely as possible to existing City facilities in the area so as to effectuate a coordinated program for all departments of the City.

Supervisor McMahon explained she had expressed opposition to the proposal because the project would not cost what was being requested now, but would eventually amount to an expenditure of over \$2,000,000 without any decrease in the cost of operation.

Supervisor Dobbs said he was going to vote against the legislation because he did not believe the City was going to have anything which would necessarily improve the cost factor in the handling of water or the cost factor in handling the Water Department operation, in fact it might result in an increase. Supervisor Dobbs concluded by saying he believed the Board should do whatever is necessary to rehabilitate the present facilities rather than approve the expenditure of funds for the construction of a plant which would not result in a decrease in the cost of Governmental operation.

The hour of 3:00 p. m. having arrived, the Chair inquired of the Board whether it desired to continue with its consideration of the principal matter, or to postpone the matter temporarily and take up the legislation scheduled as a Special Order at 3:00 p. m.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that consideration be temporarily postponed.

No objection and motion carried.

Consideration Continued.

SPECIAL ORDER—3:00 P. M.

The following, called out of County, State and National Affairs Committee by Supervisor Halley, heretofore considered, was taken up:

Endorsing the California Water Plan as Set Forth in SB 1106, and Urging San Francisco Voters to Support the Implementing Bond Issue at the November Election.

File No. 585-59-1, Resolution No.

Supervisor Ferdon remarked that Supervisor Halley had requested a postponement of the matter.

Supervisor Ferdon, seconded by Supervisor Dobbs, thereupon moved that consideration of the legislation be continued for a period of one week, and set as a Special Order of business at the hour of 3:00 p. m.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor Halley—1.

Passage for Second Reading.

The Board resumed consideration of the following recommendation of Joint Finance and Public Utilities Committee, heretofore considered and temporarily postponed:

Appropriating \$790,000, Water Department, for Purchase of Real Property, and Engineering Costs and Architectural Services, in Connection With Construction of Water Department Corporation Yard.

File No. 580-60, Ordinance No.

Supervisor Rolph stated he believed it would be very short-sighted to permit an opportunity to acquire a sizeable piece of property such as this to go by. The proposal has been carefully considered by the members of the Water Department, the Public Utilities Commission and the Joint Committee and he did not believe that the Board should impose its judgment upon theirs.

Supervisor Zirpoli remarked that in his opinion this was the only alternative available because the Joint Committee carefully reviewed other proposals which it believed might be feasible, but it found that other departments which had plants were making full use of their facilities.

Passed for Second Reading by the following vote:

Ayes: Supervisors Casey, Ertola, Ferdon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—7.

UNFINISHED BUSINESS**Adopted.**

The following measure, called out of County, State and National Affairs Committee by Supervisor Halley, was taken up:

Endorsing the California Water Plan as Set Forth in SB 1106, and Urging San Francisco Voters to Support the Implementing Bond Issue at the November Election.

File No. 585-59-1, Resolution No. 675-60.

Explanation of Vote.

Supervisor Halley stated that although he feels some State water legislation is necessary, he cannot support the resolution because once this particular measure is passed by the people, the Legislature has no right to use legislative discretion on any part of the Act.

Supervisor J. Joseph Sullivan stated that he could not support the measure without knowing the content of the contracts to be executed by the State and the Metropolitan Water District of Los Angeles, since the terms would be the same for all other entities in the State.

Supervisor Zirpoli stated that he supports the measure because the water program is vital to the development of the State; the water involved is being wasted at the present time; while the measure places discretionary power in the administrative officers of the State, in his opinion, the economic integrity of the State and the protection of vested rights of San Francisco and others are adequately provided for in the terms of the Act.

Supervisor Ferdon stated that he supports the measure because he feels that water legislation is necessary; the City Attorney has not stated that in his opinion the bill is unconstitutional; the Manager of Utilities, under whose jurisdiction the San Francisco Water System is operated, has stated that this program is acceptable to him, and is not injurious to San Francisco's interests.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, James J. Sullivan, Zirpoli—6.

Noes: Supervisors Dobbs, Halley, Rolph, J. Joseph Sullivan—4.

Absent: Supervisor McMahon—1.

The following recommendation of Streets Committee, heretofore considered, was taken up:

(Supervisor Blake dissenting.)

Requesting the State Department of Public Works to Proceed With the Construction of the Clay-Washington Ramps of the Embarcadero Freeway.

File No. 12293-3, Resolution No. 686-60.

Communication.

The Clerk presented a communication from Frank P. Dow Co., Inc., requesting that action be taken to arrange for moving of its building in the event it is necessary to acquire the property for the Clay Street Ramp of the Embarcadero Freeway.

Referred to Streets Committee.

Discussion.

Mr. Everett Griffin, Chairman, Redevelopment Agency, explained the necessity for the construction of the ramps and the effect failure to build would have upon the completion of the Golden Gateway.

Mr. Robert O. Wilson, representing Perini-San Francisco Associates, remarked that its plan was evolved and predicated upon the building of the ramps and the inclusion of the ramps was essential to the completion of the project.

In response to inquiry by Supervisor Halley, Mr. Robert L. Rumsey, Deputy Executive Director of the Redevelopment Agency, said the land underlying the proposed public garage will be acquired by the Redevelopment Agency and then sold to Perini-San Francisco Associates for \$2,590,000. After Perini-San Francisco Associates have acquired the property they will form a non-profit corporation and construct the garage. Perini-San Francisco Associates will then deed

the land to the City without cost, and it will be leased back to the non-profit corporation.

Supervisor Halley inquired whether or not the non-profit corporation would pay for the land.

Mr. Rumsey replied that Perini-San Francisco will pay for the land, then deed it to the City. The feasibility of the garage is centered around the construction of the ramps. They will pay off the value of the lease out of revenues.

Supervisor Halley stated it was his understanding this was to be based on same facts as other underground garages in San Francisco; that the garage was to get free use of the land, but if he understood correctly Perini-San Francisco Association is putting up all of the money to acquire the land for the garage and the buildings.

Mr. Rumsey replied, Perini-San Francisco Associates will pay \$6,000,000 for land for construction of residential buildings, and \$2,590,000 for two square blocks for the garage area.

Supervisor Halley inquired as to how the City would become the beneficiary.

Mr. Rumsey stated the City becomes the owner of the land underlying the garage as grantees of the fee without charge. The City will own the fee, that is part of the proposal of Perini-San Francisco Associates and the Redevelopment Agency has accepted it.

Mr. J. Sinclair, State Department of Public Works, stated that the State was ready to establish a liaison committee with the Redevelopment Agency and Perini-San Francisco Associates if the ramps are approved. It is intended that the ramps will appear as designated on the pictorial plan, and the State will cooperate with the Redevelopment Agency to beautify the ramps to whatever extent possible.

Mr. Bernard De Mars, Architect for Perini-San Francisco Associates, remarked the project had been prepared with the thought in mind that the ramps would be included.

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—9.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, OCTOBER 31, 1960—2:00 P. M.

In meeting of the Board of Supervisors, San Francisco, Monday, October 31, 1960, 2:00 p. m.

The Board of Supervisors met in regular session.

The roll was called and the following Supervisors were noted present:

Approval of Journal.

There being no objection, the Journal of Proceedings for Monday, October 17, 1960, was considered read and approved.

Taken Up Out of Order.

Adopted.

There being no objection, on motion of Supervisor Halley, seconded by Supervisor Zirpoli, the following off-calendar recommendation of Finance Committee, Supervisor Ferdon dissenting, was taken up out of order:

Amending Sutter-Stockton Public Parking Facility Lease to Provide Rates and Charges for Parking of Vehicles

File No. 14262-15, Resolution No. 723-60.

(Hourly rate: 25¢ per hour

12 Hour Day Rate: \$2.00

Overnight Parking (5:00 p.m. to 9:00 a.m.): \$1.50

24 Hour Parking (no in and out privilege): \$2.50

Monthly Parking \$30

Monthly parking shall be limited to a maximum of 100 parking spaces; shall be on a month-to-month basis only; and shall be permitted only when and if said practice is not to the detriment of the transient parker.)

The Clerk presented a communication from the City of San Francisco Uptown Parking Corporation, advising of their concurrence in

the recommendation of the Parking Authority for a 25¢ per hour charge for parking.

Ordered filed.

Supervisor Halley advised that the majority of the Finance Committee concurred in the recommendation of the Parking Authority for a 25¢ per hour rate because an analysis of the rates by the Controller showed conclusively that a lesser rate would not produce sufficient funds to meet the financial obligations of the facility during its first year of operation. Also, consideration was given to statements of owners of private garages that a lesser rate would put the parking facility in competition with them.

Mr. Harry D. Ross, Controller, explained the manner in which the analysis had been made, and stated that the actual operating figures of the Fifth and Mission Street Garage were used in arriving at his recommendation that a 25¢ per hour rate be authorized.

Supervisor Ferdon prefaced the explanation of his dissent by stating it was not his intention, nor did he advocate, that private industry in San Francisco should be jeopardized; but, he continued, the members of the Board understand the purpose of the Parking Authority, it was established to give the public the lowest off-street parking rates possible and it was not to be limited to any one section of the City.

Supervisor Ferdon pointed out that under date of August 19, 1960, the City of San Francisco Uptown Parking Corporation submitted a communication recommending rates of 25¢ for the first hour and 20¢ thereafter, and they now state they will accept the recommendation of the Parking Authority. In using the figures as submitted by the Parking Authority, it shows a net income of over \$100,000 per year on a 25-20¢ rate, and over \$200,000 on a straight 25¢ rate.

Supervisor Ferdon concluded that the Board should not lose sight of the purpose for which the Parking Authority was created, that is, that the public would receive the benefit of the expenditure of public funds.

Supervisor Ferdon, seconded by Supervisor J. Joseph Sullivan, moved that the hourly rate be amended to read 25¢ for the first hour and 20¢ per hour thereafter.

Supervisor Zirpoli remarked that in view of the figures submitted by the Controller, absent any other figures which would be convincing, and on the recommendation of the Corporation itself, he did not see any alternative but to go along with the rates as recommended by the Finance Committee.

Supervisor Dobbs stated that, while he believed the efforts to reduce the rates were noteworthy, after listening to the information submitted by the Controller he did not believe the Board had the right to proceed in any manner but to approve the recommendation of the majority of the members of the Finance Committee.

Motion to amend *defeated* by the following vote:

Ayes: Supervisors Blake, Ferdon, J. Joseph Sullivan—3.

Noes: Supervisors Casey, Dobbs, Ertola, Halley, Rolph, James J. Sullivan, Zirpoli—7.

Absent: Supervisor McMahon—1.

Thereupon the roll was called on the question of adoption of the legislation and it was *adopted* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Halley, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—8.

Noes: Supervisors Blake, Ferdon—2.

Absent: Supervisor McMahon—1.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Investigation of Procedure in Connection With Impounding of Illegally Parked Vehicles.

Supervisor Blake informed the members of the Board of the experience he had had when his automobile had been towed away, and the steps that had to be taken to recover the vehicle. Supervisor Blake pointed out that there are a great many instances when vehicles which had been towed are not placed in enclosed structures but are placed in open parking areas under the freeways. He stated that he did not believe such practices on the part of the parties involved in the tow away program should be countenanced, and an investigation should be made by both the Police Department and the Purchaser of Supplies to determine whether or not this is an accepted procedure.

Acquisition of Membership by the City and County in the Association of Bay Area Governments.

Supervisor Blake called attention to the fact that for a number of months the matter of the City's acquiring membership in the Association of Bay Area Governments has been pending before committee, and the only thing which seems to be delaying affirmative action is the money we would be required to pay towards the operation of the Association.

Supervisor Blake remarked that he believed it would be a wise investment for the City to acquire such membership because it would give the City's representatives an opportunity to sit down with representatives of other Bay Area bodies and discuss mutual problems, and he hoped the committee would recommend joining the organization.

Adopted.

The Board resumed consideration of the following recommendation of Public Buildings, Lands and City Planning Committee, heretofore considered and temporarily postponed.

Declaring That Public Interest and Necessity Require the City to Acquire Surplus Federal Government Land in Fort Funston for Public Recreational and Park Use, and Authorizing Director of Property to Negotiate the Purchase Thereof.

File No. 11287-2, Resolution No. 698-60.

Supervisor Halley, seconded by Supervisor Ertola, moved that the resolution be amended to read as follows: "Requesting the Director of Property to report on the costs of each of the alternate land use plans for surplus Fort Funston property set forth in the request of the City Planning Commission dated September 29, 1960."

Supervisor Ferdon interrogated Mr. Raymond Kimbell, General Manager of the Recreation and Park Department, as to the cost of conversion of the property to recreation and park purposes, the cost to maintain the facilities thus created and the personnel required for such maintenance.

Mr. Kimbell replied that while no firm engineering figure could be made at this particular time, it was estimated that the cost of converting the property to recreational and park purposes would amount to a minimum of \$250,000, and with respect to the personnel required for maintenance it is believed that adequate care and maintenance could be accomplished by four gardeners and one foreman gardener at an annual salary of approximately \$30,000.

Mr. James R. McCarthy, Director of Planning, outlined the various proposals which had been considered by the City Planning Commission and stated that if the City should acquire all 116 acres for recreational and park purposes it was his opinion that the City would have to pay between \$750,000 and \$1,000,000, based on the proposition that the City would have to pay only 50 per cent of the fair market value for the highest use to which the land could be put.

Supervisor Halley explained he was going to vote for the resolution, but by so doing it was no indication as to how he would express himself when the matter of money came before the Board, and, also, he would like to see something more concrete from the Recreation and Park Commission and the City Planning Commission on the questions propounded by Supervisor Ferdon.

Supervisor Halley further stated he would like to receive information as to whether or not a bond issue would be required or whether financial assistance could be received from the State or Federal government in the development of the area.

No objection and *Clerk directed to request submission of the information.*

Supervisor Halley thereupon requested permission to withdraw his motion to amend the proposed legislation.

No objection and *request granted.*

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor McMahon—1.

The Board continued with Roll Call for the introduction of measures and communications not considered or reported upon by a committee.

Request Granted.

Investigation of Procedure and Contract for Impounding and Storage of Vehicles.

Supervisor Casey called attention to the fact that during the past weeks the local newspapers had many articles pointing out defects in the present procedure of impounding and storage of vehicles which had been towed from streets on which they were illegally parked.

Supervisor Casey pointed out that the most complaints received were in connection with the charge of \$8.75 for towing and he had been informed that one company submitted a bid for \$6 but it was rejected. This service is provided by the American Automobile Association for only \$3 and private garages perform the same for between \$4 and \$4.50. Since the Board of Supervisors is the legislative body, believe that we should look at it from a legislative point of view.

Supervisor Casey thereupon requested that with respect to the abuses which Supervisor Blake alleges to exist, a communication be

directed to the City Attorney asking that he inform the Board as to its authority and powers to amend the existing legislation to eliminate such conditions; and with respect to the amount charged for the towing of vehicles a communication be directed to the Purchaser of Supplies requesting him to submit information as to how the figure was determined in light of the fact that it is done cheaper by other companies, and also information as to how the call for bids is advertised and the successful bid awarded.

No objection and *Clerk directed to comply.*

Supervisor Casey requested that the entire matter be referred to the proper Committee for further investigation.

Subject matter referred to *Police Committee.*

Adopted.

In Memoriam—Maurice Moskovitz.

Supervisor Casey, on behalf of all members of the Board, presented:

File No. 2-60, Resolution No. 700-60.

Supervisor Casey, seconded by all members, moved adoption.

Supervisor Halley mentioned that he had attended the services for Mr. Moskovitz which were conducted by Rabbi Fine who, in his eulogy pointed out the extraordinary qualities of Mr. Moskovitz in creating lasting friendships and his deep devotion to his family. Supervisor Halley, seconded by all members of the Board, moved that the resolution be amended to incorporate that portion of Rabbi Fine's eulogy.

No objection and motion *carried.*

Adopted, as amended, by a rising vote as follows:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor McMahon—1.

Reference to Committee.

Coordination of Activities of Bay Area Governmental Agencies for Consideration of Mutual Community Problems.

Supervisor Dobbs pointed out the need for all the legislative bodies of the Bay Area Counties to meet together for the purpose of securing information so as to make decisions on a metropolitan or Bay Area level.

Supervisor Dobbs stated he believed this must be done because individually the legislative bodies act in a vacuum when they purport to act for the benefit of all the area, that the Golden Gate Authority might not be the answer to the problem because consideration should be given to a borough form of government as well. This matter has been given consideration in other areas. Toronto went about it on a political basis and came to the conclusion that they should not destroy home rule or city government.

Supervisor Dobbs declared he does not believe that the Association of Bay Area Governments without the assistance of political bodies will be able to do it, and hopes that all plans can be examined but does not believe that any outside association will be able to accomplish the desired end without the assistance of the legislative bodies of the Bay Area.

Supervisor Dobbs continued that, in his opinion, we need the assistance of the University of California or the Stanford Research Bureau. The Ford Foundation is anxious to assist in studies such as this. It might be possible to secure the services of either one of these

universities and then assist them in securing funds from the Ford Foundation.

Public housing should not be on the basis of one area over the other; public welfare also should be on an area-wide basis. Civilian defense, each community has its own problems; this is another area where metropolitan or Bay Area planning could be of assistance. Freeways could be discussed to determine how they could be constructed in one county so as not to injure neighboring communities.

It is important that the people in the other communities recognize that in suggesting this we are not saying that we have a super form of government, because the problem cannot be solved by foisting upon the people one form of government unless they have considered all of them.

We are faced with problems which affect not only San Francisco but the Bay Area as well. In the Legislature we are faced with a reduction in the number of representatives and it will be necessary that we work in accord with the other people of the Bay Area so we can present a solid front on what will be best for the Bay Area.

Supervisor Dobbs thereupon requested that the County, State and National Affairs Committee invite representatives from each of the Bay Area governments to a meeting for the purpose of ascertaining information as to the best method of securing united action on behalf of the Bay Area Counties, and that the Committee make it clear that we are not seeking to impose our will upon theirs but that we are merely acting in an effort to get answers to the problems which face us today.

Referred to County, State and National Affairs Committee.

Supervisor Ferdon, in response to statements by Supervisor Blake, remarked that he would like to point out that the reason why the proposal for the City's acquiring membership in the Association of Bay Area Governments has not been recommended by the County, State and National Affairs Committee has been because of its magnitude.

Supervisor Ferdon stated that he felt Supervisor Dobbs has placed his finger on something which has been needed for a long time. As Chairman of the Committee I will call a meeting, but I hope that we will not be offensive to the Mayor of Berkeley, who is behind the Association of Bay Area Governments. The Committee will do what it can but regret that we have nothing concrete.

Supervisor Ferdon requested that the Clerk direct a communication to the Ford Foundation to determine whether or not we would qualify for money on a county level.

No objection and *Clerk directed to comply.*

Supervisor Blake extended an invitation to Supervisors Dobbs and Ferdon to attend the organizational meeting of the Association of Bay Area Governments on November 3rd for the purpose of ascertaining the aims and purposes of the organization.

Use of Funds Derived From Operation of Golden Gate Bridge and Highway District for Payment of Bonded Indebtedness and Providing Limited Insurance Coverage.

Supervisor Halley remarked he was pleased to note that the President of the Golden Gate Authority Commission has remarked that it would probably recommend that a provision be included in the Golden Gate Authority Act to provide that the funds of the Golden Gate Bridge and Highway District, approximately \$18,000,000, of which San Francisco has a 71 per cent stake, would be impounded for the purposes for which the District was created, i.e., first, for payment of the bonded indebtedness, and second, for limited insurance coverage for the Golden Gate Bridge and Highway District.

Supervisor Halley expressed the hope that the Commission would wipe out the provision providing that if one bond is sold there would be no legislative control over the Golden Gate Authority.

File No. 36-60-5, Ordinance No. . . .

(Lots 2, 3, 4, Block 1037.)

Supervisor J. Joseph Sullivan requested that the Clerk direct a communication to the City Attorney requesting a legal opinion as to the rights of persons to appear before the Board to protest a change in the use classification of property which might affect a property right.

No objection and *Clerk directed to comply.*

Supervisor Rolph, seconded by Supervisor J. Joseph Sullivan, moved that consideration be continued for one week pending receipt of the legal opinion from the City Attorney.

Motion refused adoption by the following vote:

Ayes: Supervisors Casey, Ertola, Rolph, J. Joseph Sullivan—4.

Noes: Supervisors Blake, Dobbs, Ferdon, Zirpoli—4.

Absent: Supervisors Halley, McMahon, James J. Sullivan—3.

In response to inquiry by Supervisor J. Joseph Sullivan, Mr. Thomas Blanchard, Deputy City Attorney, stated that this was not to be considered as an appeal from the decision of the City Planning Commission and the Board was to act in the same manner as they would in consideration of any piece of legislation.

Supervisor J. Joseph Sullivan, seconded by Supervisor Ferdon, moved that the privilege of the floor be granted to J. Fred Haley, Attorney at Law.

No objection and motion *carried*.

Mr. Haley, representing Mrs. Jacobson, owner of one of the parcels of property involved, protested the change in the use classification on the grounds that in reliance upon the previous recommendation of the Public Buildings, Lands and City Planning Committee, and the action of the Board in approving an R-3 use district for the subject property, his client had expended approximately \$3,000 for the preparation of plans for the improvement of the property.

Mr. Louis Butler, representing the Jordan Park Improvement Association, urged approval of the action of the City Planning Commission.

Mr. James McCarthy, Director of Planning, explained that the change in the use classification was the result of a petition filed by 65 per cent of the property owners in the neighborhood through the Jordan Park Improvement Association.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Rolph, J. Joseph Sullivan, Zirpoli—8.

File No. 669-60, Resolution No. 743-60.

Supervisor Zirpoli remarked it was his opinion that in view of the lack of action on the part of the Giants the resolution would be ineffective, and he was of the belief that the Board should be informed of the feelings of the management of the Giants on the matter.

Supervisor Zirpoli, seconded by Supervisor Dobbs, moved that the legislation be re-referred to Committee to be reported back to the Board when the Committee has received an indication of decisive action on the part of the Giants.

Motion refused adoption by the following vote:

Hearing of Protests—Improvement of Innes Avenue Between Phelps and Third Streets.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done, or in the assessment, diagram or warrant for pay of the cost of the same, or in any property affected thereby: Improvement of Innes Avenue between Phelps and Third Streets, by Pacific Pavement Company, Ltd., as described in Declaration of Intention Order No. 55407, of December 16, 1959, of the Department of Public Works.

File No. 124-59

The Chair inquired if there was anybody in attendance who desired to protest the assessment.

Mr. A. D. Zanetti protested the elevation at which the grade had been established, and alleged that as a result his property had been damaged.

Mr. Lloyd Whaley, representing the Department of Public Works, advised the Board that Mr. Zanetti had not protested the grade prior to the institution of the work, and thereafter it was too late to modify the grade without invalidating the proceedings.

Supervisor Halley, seconded by Supervisor Ferdon, moved that consideration be continued for a period of one week, and information be secured as to whether or not the complainant had been damaged by the improvement, did he waive his right to appeal due to his failure to make known his objection prior to the commencement of the improvement, and can the Board, if it deems it equitable, reduce the assessment against the property of the complainant.

Mr. Stanley Levin protested the improvement on the same grounds as Mr. Zanetti.

Welcome to Supervisor McMahon.

Supervisor Ertola, on behalf of all members of the Board, extended his welcome to Supervisor McMahon upon her return from her leave of absence.

Referred to Committee.

Investigation of Procedure to Be Followed in Informing the Public That Certain Traffic Regulations in Candlestick Park Area Are Operative Only During the Baseball Season.

Supervisor Ferdon called the Board's attention to the many complaints he had received from business concerns in the Candlestick Park Area, relative to the fact that nothing has been done to remove the traffic signs which were installed to prohibit parking on certain access roads to Candlestick Park during the baseball season. Supervisor Ferdon pointed out that these people allege that, as a result, many persons believe the traffic regulations are still effective and from an economic standpoint the district has suffered.

Supervisor Ferdon remarked that he had contacted the Department of Public Works and the Police Department about this matter, but, although all concerned agree something should be done, no steps have been taken either to remove the signs or to cap them during the off-season.

Supervisor Ferdon thereupon requested that the matter be referred to committee for study and determination as to what procedure should be followed to inform the public that these traffic regulations are not effective except during the baseball season.

Referred to Police Committee.

Display of Route Number on Back and Sides of All Municipal Railway Buses

Supervisor Ferdon stated that for a number of months he had been attempting to have the Public Utilities Commission order that all Municipal Railway buses should display the route number on the back and sides of the bus as well as in the front, and requested that the subject matter be referred to committee for a further investigation.

Referred to Public Utilities Committee.

Taxation of Property Owned by University of California and Used for Commercial Purposes.

Supervisor Rolph stated he had investigated the matter of the exempt status of the building at 68 Post Street which is owned by the University of California and used for commercial purposes, and in his opinion it was inequitable that such property should possess a tax-exempt status when not being used for educational purposes.

Supervisor Rolph pointed out the fact that it is necessary for the Recreation and Park Commission to pay taxes on the golf course at Sharp Park, and also Camp Mather, and requested that the Clerk direct a communication to the Assessor, asking him to submit information to the Board as to the amount of possessory interest tax, if any, being collected on the building at 68 Post Street, and also a listing of all the property owned by the University of California, located in San Francisco, which is not being used for educational purposes but being used instead for commercial purposes.

No objection and Clerk directed to comply.

Adopted.

Hearing Held—Assessment Confirmed.

SPECIAL ORDER—2:00 P. M.

Hearing of Protests—Improvement of Innes Avenue Between Phelps and Third Streets.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done, or in the assessment, diagram or warrant for pay of the cost of the same, or in any property affected thereby: Improvement of Innes Avenue between Phelps and Third Streets, by Pacific Pavement Company, Ltd., as described in Declaration of Intention Order No. 55407, of December 16, 1959, of the Department of Public Works.

Mr. Thomas Blanchard, Deputy City Attorney, stated that the Public Works Code required that any person who was going to be damaged by a change in grade must file a written protest with the Board, and, since the proceedings were legal, the failure to file such protest was a waiver of the right to appeal from the assessment.

Messrs. A. D. Zanetti and Stanley Levine renewed their objections previously made to the Board, and alleged that since they had protested the improvement from its inception their protests at this time were seasonable.

Supervisor Halley, seconded by Supervisor Casey, moved that the protests be overruled and the assessment confirmed.

Ayes: Supervisors Casey, Dobbs, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan—7.

Absent: Supervisors Blake, Ertola, James J. Sullivan, Zirpoli—4.

Passage for Second Reading—Motion to Reconsider.

The following recommendation of Public Health and Welfare Committee, heretofore considered, was taken up:

(Supervisor Halley dissenting.)

Amending Section 44 of, and Adding Various Sections to, the Health Code, Relating to Stray Dogs (Dog Leash Ordinance).

File No. 5202, Ordinance No.

(Section 44—Seizure of stray dogs;

Section 44.1—Redemption of stray dogs not wearing a license tag;

Section 44.2—Sale or destruction of stray dogs not wearing a license tag;

Section 44.3—Duty of person taking possession of stray dog, duty of Poundkeeper if dog wearing a license tag;

Section 44.4—Return of dog to finder by Poundkeeper;

Section 44.5—Redemption of returned dog by owner;

Section 44.6—Permitting dogs to run in parks, etc., female dogs, etc.)

Supervisor Halley quoted from a report submitted by the Society for the Prevention of Cruelty to Animals, wherein they set forth information showing increased costs for the enforcement of the proposed legislation.

Supervisor Halley stated it was his opinion that there was sufficient legislation relating to the control of dogs and other animals, and if they were properly enforced it would not be necessary to enact the matter now before the Board. Supervisor Halley concluded that he was going to vote against the legislation on the basis of the cost of enforcement, the difficulty of enforcement, and the unsatisfactory results which would be realized.

Supervisor Zirpoli remarked that the Society for the Prevention of Cruelty to Animals compared the operation with that being undertaken by Los Angeles, whereas he believed they should have made the comparison with Seattle where they show that the increased cost has been only \$15,000 per year. Supervisor Zirpoli further said he did not believe there should be strict enforcement of the ordinance, but reasonable enforcement which would be comparable to an educational program to show dog owners the dangers of permitting their dogs to run loose on the streets.

Supervisor Dobbs explained that he was not fully convinced one way or the other on the matter, and was wondering whether the Board would be willing to consider the proposition of referring a Declaration of Policy to the people so that they might express themselves on the matter.

Supervisor Ferdon responded that he was opposed to referring such type of legislation to the people because he believed, as the people's elected representatives, it was the duty of the Board to make policy determining decisions.

Supervisor Dobbs, seconded by Supervisor Halley, moved that the ordinance be referred to the people as a Declaration of Policy as follows: "Shall the Board of Supervisors enact a Dog Leash Ordinance?"

Supervisor Halley inquired of the City Attorney whether or not, if the Board should pass the ordinance and it was approved by the Mayor, a declaration of policy would arrest the enforcement thereof until the people could vote on it.

Mr. Thomas Blanchard, Deputy City Attorney, responded that if the ordinance were passed and approved by the Mayor, and if within thirty days therefrom there was no referendum, then the ordinance would be effective.

Motion *defeated* by the following vote:

Ayes: Supervisors Dobbs, Ertola, Halley, McMahon, Rolph—5.

Noes: Supervisors Blake, Casey, Ferdon, J. Joseph Sullivan, Zirpoli—5.

Absent: Supervisor James J. Sullivan—1.

Supervisor Dobbs, seconded by Supervisor Halley, moved that consideration be continued for a period of one week.

Motion *defeated* by the following vote:

Ayes: Supervisors Dobbs, Ertola, Halley, McMahon, Rolph—5.

Noes: Supervisors Blake, Casey, Ferdon, J. Joseph Sullivan, Zirpoli—5.

Absent: Supervisor James J. Sullivan—1.

Supervisor Rolph stated he was going to vote against the legislation because if the Society for the Prevention of Cruelty to Animals were to be the law enforcement body and they were opposed to it he believed that the enactment of the ordinance would be an idle act.

Thereupon the roll was called on the question on passage for second reading and the vote was as follows:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Zirpoli—7.

Noes: Supervisors Halley, Rolph, J. Joseph Sullivan—3.

Absent: Supervisor James J. Sullivan—1.

Before the result of the foregoing roll call was announced, Supervisor Halley stated that he was changing his vote from "No" to "Aye" for the purpose of moving for reconsideration.

The Chair thereupon announced that the foregoing measure was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Zirpoli—8.

Noes: Supervisors Rolph, J. Joseph Sullivan—2.

Supervisor Halley, seconded by Supervisor J. Joseph Sullivan, moved that the vote by which the foregoing measure was passed for second reading be reconsidered.

Supervisor Zirpoli, seconded by Supervisor Ferdon, moved that the rules be suspended for the purpose of permitting immediate reconsideration.

Motion *defeated* by the following vote:

Noes: Supervisors Dobbs, Halley, Rolph, J. Joseph Sullivan—4.

The Chair requested an expression of opinion from the Board relative to the date for holding a Caucus for the purpose of electing members of the Board of Directors of the Golden Gate Bridge and Highway District.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Consideration of Legislation Providing for the Establishment of a Public Dump.

Supervisor Blake called the Board's attention to the fact that he had presented legislation providing for the establishment of a public dump in the vicinity of Candlestick Park, but to date no action had been taken by the Committee. Supervisor Blake called the Board's attention to the necessity of providing an area whereby local wrecking firms could dump debris.

Supervisor Blake pointed out the urgency for immediate action on the matter because it was anticipated that work on the Golden Gateway would soon be starting and if the wreckers were required to pay exorbitant prices to dispose of the debris the cost of the project would be increased accordingly.

The Chief Administrative Officer stated he believed there should be a relaxation of the regulation of the Bay Area Air Pollution Control District on the prohibition against open burning so as to permit the City to burn specific materials under certain controlled conditions.

Supervisor Halley thereupon requested that the Director of Public Works be asked to prepare such legislation as may be considered and acted upon by either the Board of Supervisors or the Bay Area Air Pollution Control District which would have the effect of relaxing current open air burning regulations so that the debris from local projects could be disposed of locally.

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of Finance Committee, heretofore considered, were taken up:

Taken Up Out of Order.

There being no objection, on motion of Supervisor Halley, seconded by Supervisor Ferdon, the following was taken up out of order:

**Authorizing Sale of Certain Surplus Police Department Real Property
Located on Kearny Street, Known as the Hall of Justice.**

File No. 722-60-1, Ordinance No. 562-60.

Supervisor Halley explained that it was necessary for the Board to authorize the sale of this property so the Controller could certify funds for the purchase of the property on Vallejo Street. Supervisor Halley continued that prior to the sale, certain restrictions would be agreed upon so that the structure to be erected on the site would not be aesthetically incompatible with the development of the Golden Gateway.

Supervisor McMahon inquired as to the authority of the Board to place such restrictions on the sale of the property.

Mr. Rezos, Director of Property, stated that before the sale was confirmed it would be presented to the Board which must either confirm the sale or reject all of the bids. Before the property was offered for sale a request would be made of the City Attorney for an opinion as to what restrictions could be placed on the sale of the property.

Supervisor J. Joseph Sullivan inquired whether or not the restrictions which were to be placed upon the sale should be incorporated in the order of sale.

Mr. Blanchard, Deputy City Attorney, replied that while they should be in the ordinance authorizing the sale it was not necessary to do so at this time in order to permit the Controller to approve funds for the purchase of the property on Vallejo Street, but the Director of Property should not proceed with the sale until after the restrictions had been approved by the Board.

Mr. Rezos, in response to inquiry by Supervisor J. Joseph Sullivan, stated he would not do anything which did not meet with the approval of the Board, and he would not authorize the sale until after the Board had approved the restrictions which were to be placed on the sale.

Supervisor J. Joseph Sullivan requested that the Clerk direct a communication to the City Planning Commission, and the Redevelopment Agency, asking that they make a study of the matter and submit their report prior to the time when the Board will consider such restrictions.

No objection and *Clerk directed to comply.*
